At its convention at Louisville, Kentucky, on August 30, 1958, T-1 advised that this party indicated that it was a political party dedicated to segregation.

The KKK has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

The October, 1958 issue of "The Thunderbolt", official "Racial Nationalist organ of the National States Rights Party" set forth the national headquarters of the NSRP as Post Office Box 261, Jeffersonville, Indiana.

NSRP Activity in New York Area

The above issue of "The Thunderbolt" also indicated that the NSRP of New York is located at Post Office Box 208, Canal Street Station, New York 13, New York.

NY 105-28550

[redacted] Flushing 58, Long Island, New York, had recently been asked by Dr. FIELDS to see what [redacted] can do about organizing a chapter of the NSRP in New York City.

The October 28, 1958 issue of the "New York World Telegram and Sun", a New York City daily newspaper, in an article entitled " - The Hate Mongers - Chiropractor at 26"Is Old-Timer in Bias Movements" stated that EDWARD R. FIELDS, a chiropractor in Louisville, Kentucky, was the organizer of the NSRP.

On November 5, 1958, T-9 made available a letter written on the letterhead of the NSRP addressed to Mr. [redacted] Flushing 58, Long Island, New York and signed by NED DUFES, who identifies himself as National Secretary of the NSRP. In this letter, DUFES advised [redacted] that if [redacted] was interested in trying to obtain members for the NSRP in New York, he would mail [redacted] a supply of applications for membership in the NSRP.

Nationalist Youth League (NYL)

On November 3, 1958, T-1 advised that the Nationalist Party, also known as the NYL was an anti-Semitic, Neo-Fascist organization formed in New York City in 1954 by WEST HOOKER, a notorious anti-Semite. The source further advised that this organization was inactive from 1956 to July, 1958 at which time G. b7D

It is noted that [redacted] has been indicted and is awaiting trial in the bombing of the Temple at 1589 Peachtree Road, N.W., Atlanta, Georgia, on October 12, 1958.

According to T-4, distribution of the leaflets was to coincide with the storming of the Israeli Embassy, Washington, D.C., on July 26 or 27, 1958, the most likely date being July 26, 1958.

On July 27, 1958, T-5, advised that G. LINCOLN ROCKWELL, 6512 Williamsburg Boulevard, Arlington, Virginia, with seven other persons began to picket the White House in Washington, D.C., on the above date at 12:45 p.m.

the same date.

On October 29, 1958, Mr. [redacted]
[redacted] New York City, owner of the building located at 206 East 85th Street, New York City, advised SA [redacted] that the National Graphic Arts Service, a photographic studio, occupied the second floor loft at the above address from March, 1958 to August, 1958 at which time the firm was dispossessed for non-payment of rent.

b7D

Mr. [redacted] advised that the lease for the National Graphic Arts Service was signed in the names of [redacted] New York City and [redacted] New York City.

Mr. [redacted] stated that he always had a difficult time securing the rent from [redacted] and [redacted] and in fact had served two dispossess notices on them prior to the time he had them vacate the premises in August, 1958.

NY 105-28550

Mr. [] further advised that when they had paid the rent, they always paid in cash.

Mr. [] stated that he believed that very little photographic business was carried on by the National Graphic Arts Service and advised that on one occasion, he visited the second floor loft at 206 East 85th Street, New York City, but noticed neither printing nor photographic equipment.

b7D

Mr. [] stated that, as he recalled, the National Graphic Arts Service, had occupied the [] floor loft for several months but he did not believe it did any actual business at the above address but in reality was an organization formed to combat anti-Semitism.

[] furnished the following reasons for his belief that the National Graphic Arts Service was an anti-Nazi organization or one formed to combat anti-Semitism:

1. [] stated that on several occasions, he saw two individuals dressed like rabbis visit the National Graphic Arts Service at [] New York City. [] advised that he could not recall the exact number of times he had

NY 105-28550

seen these individuals enter the [] story loft but advised that they were both bearded and were wearing the typical garb of Jewish rabbis; that is, the wide brim black hat and long black coat.

2. [] stated that he once noticed mail addressed to Rabbi (LNU) designated for the National Graphic Arts Service, [] New York City.

3. [] stated that after the National Graphic Arts Service vacated the premises at [] [] he inspected the loft formerly occupied by that organization with the intent of renting it for his own purposes.

At this time, [] stated he noticed several letters addressed either to the Anti-Nazi League or Anti-Defamation League which had either never been mailed or had been returned in the mail. [] further advised that he had found a number of empty envelopes addressed to such organizations as the Anti-Defamation League.

[] recalled that one opened envelope which he thought might have been addressed to the Anti-Defamation League contained a plain piece of paper on which was imprinted the Nazi swastika with the message, "We are back".

[] stated there was no further writing on this piece of paper. [] advised that he could furnish no additional information concerning the organization which had occupied the second story loft except that he noticed that an area of this loft appeared to have been set aside as a dark room for developing photographs.

WHITE CITIZENS COUNCILS OF THE DISTRICT OF COLUMBIA, AKA:
SEABOARD WHITE CITIZENS COUNCILS

A confidential source advised on December 6, 1957 that while JOHN KASPER was out of jail, he was the controlling individual and the activities of the Council were governed by him. According to the source, even while KASPER was in jail, the Council attempted to follow his decisions to the fullest.

The source stated that they weight their decisions in the light of what KASPER may think of the idea.

It is to be noted that the Supreme Court of the United States on October 14, 1957 refused to review JOHN KASPER's case in connection with his conviction on August 3, 1956 for "wilful contempt" for interference in desegregation of the Clinton, Tennessee High School.

On October 17, 1957, United States Marshals in Washington, D.C. took JOHN KASPER into custody on order from United States District Judge ROBERT L. TAYLOR of Knoxville, Tennessee.

NATIONAL STATES RIGHTS PARTY

On October 16, 1958, a source who has furnished reliable information in the past made available a report of an informant of the source. The reliability of source's informant is not known at this time.

According to source's informant, Fields believes that the National States Rights Party (NSRP) is progressing favorably and the organization is receiving a lot of mail.

Source's informant advised that Fields has mentioned that he holds [redacted] who is in Detroit working for the NSRP in high regard and has stated that [redacted] is the "best man we have working for us". [redacted] mentioned that one [redacted] of Ferndale, Michigan, has expressed support of the NSRP and of [redacted]

Source's informant mentioned that according to Fields one [redacted] has sent in a five page list of names of persons who contributed to the Hamilton Defense Fund.

Also, according to source's informant, close cooperation is springing up between the White Sentinel and the NSRP. One hundred prospective members of the NSRP are receiving a copy of the White Sentinel.

Source's informant advised that new multi-colored application blanks for the NSRP have been printed at a cost of \$150. Also, according to source's informant, the distribution of the NSRP bulletin is 1000 payable subscriptions but even this represents a drain on the limited financial sources of the group. According to source's informant, funds are very low and Fields is attempting to raise money from ten millionaires.

Re: NATIONAL STATES RIGHTS PARTY

Source's informant advised that during the stay of Governor Faubus in Lexington, Kentucky, for the ~~Southern~~ Governors Conference, Fields planned a demonstration to counter any demonstration by the National Association for the Advancement of Colored People. Several carloads of youths equipped with signs supporting Faubus were stopped by Kentucky State Police according to source's informant and two persons were arrested due to their having two hidden weapons in one car. Also, according to Fields, he also spent an hour in conference with Governor Faubus and his personal secretary.

Source's informant advised that the next issue of the Thunderbolt will carry a new design in part. It will be a cut of a determined and a loyal looking man and woman gazing at an American flag and the letters NSRP. The next issue of the Thunderbolt is also to carry a masthead statement to the effect that the NSRP was founded in 1948 by Strom Thurmond.

Source's informant also furnished information that a man named [redacted] (Phonetic), a free lance writer from California who had been an employee of Gerald L. K. Smith, is in Louisville awaiting an interview by [redacted] of Dawn. According to source's informant [redacted] will interview [redacted] as a possible candidate for permanent reporter for Dawn. [redacted] is also supposed to meet with Fields.

Source's informant also advised that Fields believes that Lincoln Rockwell, a Commercial Artist by profession, is swiftly becoming the top propagandist in the movement. According to Fields, Rockwell is divorced from his first wife by whom he had four children and is presently married to an Icelandic girl who also has bore him four children. According to source's informant, Rockwell is paying his first wife \$400 a month in support.

Re: NATIONAL STATES RIGHTS PARTY

Fields has mentioned that Rockwell would like to work full time for the NSRP but since he must have a monthly salary of \$1,000, the NSRP cannot afford it. Fields has mentioned that he is trying to get a man by the name of Smith to take on Rockwell.

Source's informant also reported that Matt Koehl and Eustace Mullins are reportedly living together on an estate belonging to a rich woman located on the outskirts of Chicago. They are co-authoring a book entitled, "The Parasite Theory". According to source's informant, this book will seek to debunk the idea that there is such a thing as a good Jewish person. Fields, according to source's informant, stated that a man in Texas will publish this book and he bemoaned the fact that a Texas publisher, E. M. Biggers, had just died.

Individuals Who Attended
NSRP National Convention

Referenced Bureau letter to Atlanta requested that background information be obtained regarding the individuals who attended the National Convention of the NSRP at Louisville, Kentucky on August 30, 31, 1958. Those individuals from the Chicago area who were reported at this Convention were:

JOSEPH BEAUHARNAIS

EUSTACE MULLINS

F. ALLEN MANN

It is to be noted that referenced Chicago airtel to the Bureau, dated November 3, 1958, set forth the names of BEAUHARNAIS, MULLINS and MANN as logical suspects in any bombing or bombings attempted in the Chicago area. Separate investigations are being conducted by the Chicago Office on these individuals and separate reports will be submitted on them.

CG 105-4630

Interview of F. ALLEN MANN
by Radio Station, New York

Referenced Chicago teletype to the Bureau and New York alerted the New York Office as to an intended interview of F. ALLEN MANN, 841 South Countyline Road, Hinsdale, Illinois, by (FNU) WINGATE, Radio Station WOR, New York City, on October 16, 1953, concerning the NSRP.

Referenced New York letter sets forth a resume of the interview of MANN conducted by WINGATE. According to this interview MANN described himself as Chairman of the NSRP in Hinsdale, Illinois, and MANN stated that bombings of synagogues were unfortunate but inevitable. New York also furnished a tape recording of this interview.

However, referenced Indianapolis airtel advised that Dr. EDWARD R. FIELD, Head of the National States Rights Party, had advised that F. ALLEN MANN of Hinsdale, Illinois, Publisher of "The Revere", was expelled from the NSRP because he has been "issuing juvenile statements and writings".

In order to avoid duplication in reporting the above information concerning F. ALLEN MANN, information will be submitted in report form under the caption of F. ALLEN MANN as it pertains more to his individual activities than to the NSRP.

It is to be noted that Chicago has kept informed of MANN's activities through established sources.

Miscellaneous

For the information of Charlotte, their referenced letter set forth on page 10 information attributed to Post Office Box 1785, Chicago 90, Illinois.

CG 105-4630

On November 10, 1958, [redacted] (protect identity), Postal Inspector's Office, New Post Office Building, Chicago, Illinois, advised that Post Office Box 1785 was issued on October 16, 1954 to MAYNARD O. NELSEN of the Real Political Institute.

b6
b7C

Referenced Chicago airtel, dated November 3, 1958, also set forth the name of MAYNARD O. NELSEN as a logical suspect in any bombings or attempted bombings in the Chicago area. An individual report has been submitted on NELSEN.

For the information of the Little Rock Office their referenced communication set forth information concerning EMILY METCALFE, who allegedly had a job in Chicago, Illinois (not further identified). The files of the Chicago Office disclosed no identifiable information concerning EMILY METCALFE.

On December 8, 1958, Investigative Clerk [redacted] caused a search to be made of the records of the Chicago Credit Bureau, Incorporated, Chicago, Illinois, which failed to disclose any information concerning EMILY METCALFE.

b6
b7C

On December 5, 1958, Investigative Clerk [redacted] caused a search to be made of the records of the Chicago, Illinois Police Department, which failed to disclose any arrest record concerning EMILY METCALFE.

He said that all organizations which have as a part of their purpose segregation, states rights, and constitutional rights, could join. GRUBBS also said, according to T-9, that he, along with Dr. ED. FIELDS of Louisville, General VAN HORN MOSLEY, and a woman named [redacted] (LNU), were getting ready to write the UWP platform, with help from Admiral CROMMELIN.

T-9 furnished the following information on September 1, 1958

On August 30, 1958, at 2:30 PM, the National Convention of the National States Rights Party was held at Liberty Hall, 211 West Walnut Street, Louisville, Kentucky. The first session was open to the public.

The meeting of approximately one hundred people was called to order by ARTHUR COLE, National Chairman, who stated that the meeting was being held for the purpose of nominating the party's candidate for President in the 1960 election.

BEAUHARNAIS

The first speaker, Mr. BARHARNIS, of Chicago, Illinois, spoke for approximately twenty-five minutes. He advocated the use of Hitler methods to gain power in the United States, urging that the States Rights Party should work to secure seats in Congress, then grasp control and overthrow the present form of Government. He indicated that by doing away with the Jews they would also do away with the "niggers."

BARHARNIS introduced JOHN KASPER, the principal speaker, who spoke for about fifty minutes. KASPER told of his experiences in Clinton, Tennessee, and stated that his main purpose in coming to Louisville was to instruct the members of the party how to go about educating the people all over Kentucky; to get them to work together to overthrow the Jews in power, thereby stopping integration and bringing an end to being pushed about by the "niggers."

KASPER stated several times that he did not advocate violence but feels that the result of his work is evidenced by the bombing of Jewish synagogues and Negro churches and schools. KASPER repeatedly referred to his activities in Tennessee and

IP 105-975

stated he was very pleased with the results there and felt that the same thing could be achieved in Kentucky by a united effort by its people.

KASPER stated that the public must be aroused. He recommended meetings each day in all neighborhoods and larger meetings downtown as more people become interested. He stated that he believed a crowd should be made up of thousands of people to be effective. He stated that they had every right to meet on the courthouse lawn.

KASPER used the terms "kikes" and "niggers" throughout his speech and his remarks were received by enthusiastic clapping, shouting, and amens. He announced his nomination of Admiral JOHN G. CROMMELIN as candidate for president in 1960. KASPER received a standing ovation before and after his speech.

[redacted] of New York, PETER XAVIER, Dayton, Ohio, and [redacted] Rock Hill, South Carolina, spoke in that order. Their talks followed the same line as KASPER's in condemning Jews and Negroes. Short talks were made by [redacted] of Arkansas and [redacted] St. Louis, Missouri. [redacted] was in the audience. Rev. [redacted] Lexington, Kentucky, a retired Baptist minister, spoke for about 45 minutes denouncing integration. Representatives were present from Alabama, Florida, California, and other states, but they were not introduced and the source did not identify them. The source identified Dr. EDWARD R. FIELDS, Louisville, Kentucky, as taking an extremely active part in the convention. Also present from Louisville, Kentucky, were Mr. and Mrs. [redacted] and Mr. and Mrs. [redacted]. The source identified Mrs. [redacted] of Jeffersonville, Indiana, as being present.

b6
b7C
b7D

A collection was taken in behalf of JOHN KASPER's expenses and almost everyone attending contributed at least one dollar. Several men were observed pressing bills of larger denominations into KASPER's hand after the meeting was over. The meeting was adjourned at 6:15 P.M. to reconvene at 7:30 P.M. The evening session was closed to all but delegates.

IP 105-975

The source learned that on August 31, 1958, another meeting was held at the Williams Trailer Court, 2129 Dixie Highway, operated by [redacted]. KASPER again spoke to this group after which he left Louisville. The source learned that KASPER planned to go to Knoxville, Tennessee, where he was to attend a trial to testify on behalf of one [redacted], who was arrested for disorderly conduct by Knoxville Police for picketing the movie "Kings Go Forth."

b6
b7C
b7D

The source advised that the delegates seemed to be completely in accord with the nomination of CROMMELIN and also with the idea of having MILLARD D. GRUBBS, Louisville, run for the office of Governor of Kentucky. The source advised that neither MILLARD GRUBBS nor [redacted] were observed at the August 30, 1958, afternoon session.

The source advised that there was considerable drinking and that several of the delegates appeared to be at a feverish pitch of excitement by the time the afternoon session ended.

Source advised that most of the speakers were ineffective, but that KASPER had the ability to excite the crowd and arouse enthusiasm.

The Courier-Journal, Louisville, Kentucky

The Courier-Journal, Louisville, Kentucky, a newspaper of general circulation, on August 31, 1958, reported that a National States Rights Party convention in a closed session at Liberty Hall, 211 West Walnut Street, Louisville, Kentucky, voted to draft retired Admiral JOHN G. CROMMELIN as that party's candidate for President in the 1960 election. JOHN KASPER, characterized in the news report as a segregationist, was spokesman.

The convention also voted to draft MILLARD DEE GRUBBS of Louisville as the party's candidate for Governor of Kentucky in the 1959 election. KASPER identified himself as secretary of the Tennessee White Citizens Councils and indicated that 100 delegates represented 18 states. The states represented were:

PARKS, 1448 North Delaware Street, Indianapolis, Indiana, on October 18, 1958, advised that he read of the August 1958 National States Rights Party Convention to be held that month in Louisville, Kentucky. PARKS stated that he then wrote to the organization and received an invitation to the convention. PARKS stated that he attended the convention and while in a group at a hotel in Louisville, he met an individual whose name he cannot recall, but who was from somewhere in the Deep South. PARKS stated that he later received a letter from this individual enclosing an application for membership in the Ku Klux Klan. PARKS stated that he returned this to the sender with the notation that he was too old to join and that he already belonged to too many organizations.

PARKS stated that he was born July 16, 1888 in Missouri and due to his age, his memory is fading. He did state, however, that he recalls belonging to the Ku Klux Klan in Indiana in the middle 1920s when it was a major political party in Indiana. He stated that he has not belonged to the organization since that time.

PARKS advised that he possesses no information concerning the bombing of any school or other institutions, or acts of violence against any minority group, or any such acts advocated or planned by any group or individual.

IV. ACTION TO IMPLEMENT THE PROGRAM OF
THE NATIONAL STATES RIGHTS PARTY

"The Thunderbolt" is the official publication of the NSRP and the official headquarters for "The Thunderbolt" is P.O. Box 261, Jeffersonville, Indiana. [redacted] of Louisville, Kentucky, is editor of this paper. "The Thunderbolt" attacks the FBI in the July 1958 issue stating that the FBI promotes race mixing and also makes derogatory comments regarding FBI investigations.

b6
b7c

In the August 1958 issue of "The Thunderbolt", an article by [redacted] makes a vicious attack against Mr. J. EDGAR HOOVER and FBI Agents. This attack centers on the morals, honesty, and intelligence of agents and the way the National States Rights Party members are to handle inquiries made by agents.

The October 1958 issue of "The Thunderbolt" commends Superior Court Judge, WALTER I. GEER of Terrell County, Georgia, for stating he would jail FBI Agents who intimidate persons from Georgia.

The November 1958 issue of "The Thunderbolt" proclaims the innocence of the persons arrested in connection with the Atlanta bombing of a Jewish Synagogue on October 12, 1958, and attacks the FBI for their Communist-like action.

IP 105-975

The Atlanta Division advised on November 6, 1958, that the following persons were arrested by the Atlanta, Georgia, Police Department in connection with the bombing of the Temple at 1589 Peach Tree Road, N.W., Atlanta, Georgia, on October 12, 1958:

b6
b7C

The Atlanta Division advised that [redacted] had furnished a statement to the Atlanta Police Department stating that the above persons had planned the bombing of this Temple at a National States Rights Party meeting in May 1958.

In another investigation concerning the bombing of the Temple at 1589 Peachtree Street, N.W., Atlanta, Georgia, on October 12, 1958, Dr. EDWARD R. FIELDS was interviewed on October 14, 1958, and furnished information concerning the National States Rights Party, which is set out as follows:

OFFICE MEMORANDUM

UNITED STATES GOVERNMENT

Date: October 20, 1958

INFORMATION CONCERNING

b6
b7C

On October 14, 1958, EDWARD R. FIELDS, 1617 Bardstown Road, employed American Health Studios, Room 200, Loew's Theatre Building, 625½ South 4th Street, Louisville, Kentucky, advised SAs FRANK L. GRUBBS and GEORGE W. HUTCHISON as follows:

He is now employed at the [REDACTED] on Tuesday, Thursday, Saturday and Sunday. On Saturday he works until 9:00 P.M. and works again from 9:00 A. M. to 1:00 P.M. on Sunday. He was working on this schedule on Saturday, October 4, 1958, Sunday, October 5, and also on Saturday, October 11 and Sunday, October 12, 1958. From 9:00 P.M. to about midnight on Saturday, October 11, 1958, he was with [REDACTED] of the [REDACTED] who now operates a [REDACTED] in St. Matthews (Louisville) Kentucky. He said he was not sure but believed that he was also with [REDACTED] on the preceding Saturday night until about midnight inasmuch as he is with [REDACTED] on almost every day he has off.

b6
b7C

FIELDS remarked at the beginning of the interview that he had "been awake all night" as a result of telephone calls to or from "our people" in Atlanta. In the course of the interview the only person named by FIELDS with whom he had been in contact was [REDACTED]. FIELDS protested at length that members of the National States Rights Party (NSRP) could not possibly have had anything to do with any bombings because he knows that they do not advocate or condone violence. The NSRP does not advocate or condone violence and this would be inconsistent with the NSRP aim to run a candidate in the next Presidential election.

Persons having criminal records or who are found to advocate violence in connection with the NSRP fight against

integration are barred from NSRP membership or are expelled if they are already members.

FIELDS branded as lies the allegations made in the statement reported by news stories to have been obtained by the Atlanta Police Department to the effect that the bombing of the Jewish Temple in Atlanta had been discussed at an NSRP meeting in Atlanta in May 1958. He said these "lies" were inspired by the Anti-Defamation League or by E. L. EDWARDS or two of his followers who were expelled from the NSRP because they did advocate violence. FIELDS identified E.L. EDWARDS as the Grand Dragon of the U.S. Klans but indicated that he could not recall the names of the two EDWARDS followers who were expelled from the NSRP. He said that the name of one of the men might be () FIELDS said that () was an "EDWARDS man" but had promised to drop his association with EDWARDS.

FIELDS said that () and () were Atlanta NSRP members. He identified () as chairman of the NSRP in Atlanta.

The () boys, () have criminal records and therefore can not be members of the NSRP. The () boys are politically and socially unacceptable to the members of the NSRP at Atlanta. () in a long distance telephone call to FIELDS on the night of October 13-14, 1958, told FIELDS that members of the Atlanta NSRP had not been in contact with the () boys "for a long time."

FIELDS denied knowledge of the current location of ()

b6
b7c

FIELDS indicated that he had talked with () at home in Atlanta as previously indicated by long distance telephone, that () was not hiding from police, and that he would be found at his home.

FIELDS "knows" that () and () would not be involved in any incident involving violence such as the Atlanta bombing. FIELDS based his denials of guilt on the part of these individuals on his knowledge of their character and natures.

LS 44-294

FIELDS said that during the NSRP Convention in Louisville on August 30-31, 1958, he talked at length with all of these people and that if they had had any plans concerning an incident such as the Atlanta bombing, they would have told him.

FIELDS indicated that he was very close to [] and that he knows that BRANHAM could not have kept such information from him. FIELDS advised that [] had been the Atlanta organizer for the NSRP until he and other NSRP members were arrested for picketing in Atlanta in the summer of 1958; at which time []'s parents insisted that he return to Detroit.

b6
b7C

FIELDS mentioned J. B. STONER, whom he identified as a non-practicing attorney "who has his own group." STONER is not a member of the NSRP because he and the NSRP disagree politically. In spite of this, STONER and the Atlanta NSRP members are personally friendly. FIELDS indicated that he had learned from [] that [] and J. B. STONER had been together in public on the night of the bombing of the Clinton, Tennessee, High School. FIELDS did not know where STONER and [] had been on this night.

FIELDS claimed that he knew no one who advocated violence in fighting integration and had never heard anyone advocate violence. He advised that no one at the NSRP Convention advocated violence in any of the public speeches.

Asked if he had any theories as to the bombings, FIELDS said that he thinks they are being perpetrated by two groups. One group, the "Confederate Underground" is "fanatically anti-Jewish" and is "blasting the Jews," or bombing Jewish synagogues and institutions. This group he noted "makes telephone calls." FIELDS was questioned as to his use of the term "Confederate Underground" and said that this term had appeared in news accounts. FIELDS indicated that by telephone calls he referred to the anonymous telephone calls received subsequent to bombings.

LS 44-294

FIELDS said that the other group is bombing schools such as the Hattie Cotton School and the Clinton School and makes no telephone calls.

FIELDS claimed that he had drawn the above conclusions from information he had obtained from news stories regarding bombings and again denied any implication or first-hand knowledge of such bombings. FIELDS also suggested the possibility that Communists or "Jews" had perpetrated the bombings of schools and Jewish institutions to arouse sympathy or to discredit the NSRP.

IP 105-975

T-13 advised on November 13, 1958 that on October 16, 1958, EDWARD R. FIELDS told him that during FAUBUS' stay in Lexington for the Southern Governors Conference, FIELDS planned demonstrations by the NSRP. Several carloads of youths equipped with signs supporting FAUBUS left for Lexington. They were stopped by Kentucky State Police, who found two hidden weapons in one car and arrested two of the young people. FIELDS also stated he spent one hour conference with Governor FAUBUS and the Governor's personal secretary.

Knights of the Ku Klux Klan (SKKKK)

The August 23, 1949, issue of the Tampa, Florida, "Morning Tribune" newspaper contained an article reflecting an interview with BILL HENDRIX, imperial emperor of the SKKKK, relative to the formation of this new Klan. According to the article, HENDRIX said the organization was an outgrowth of the Klan set up in 1915 by WILLIAM JOSEPH SIMMONS. HENDRIX stated SKKKK was started under the name Original Southern Klans, Incorporated, in June, 1948, a branch of which was formed in Tallahassee, Florida, in January 1949.

Original Southern Klans, Incorporated, has been designated by the Attorney General pursuant to Executive Order 10450.

On January 29, 1950 HENDRIX publicly announced in a news release to the Associated Press that the purpose of the SKKKK was to combat the growth of communism in the United States and to oppose groups advocating hatred toward any person or group.

On May 23, 1955, a source advised that HENDRIX informed he was dropping "Southern" from the name of the Klan and that it would be known as KKKK.

On December 24, 1957, another source advised that HENDRIX announced that the KKKK was being disbanded. According to HENDRIX, some of the Klan groups of this organization will unite under the name "National Christian Church". However, on March 3, 1958 this source advised HENDRIX did not disband this organization which is still active.

A source advised that the NKKKK was formed by JAMES W. BAGWELL of Greenville, South Carolina, on October 4, 1957. Source stated BAGWELL has claimed the NKKKK was affiliated with other Klan groups and its objectives were to oppose integration in every form.

On January 22, 1958 another source stated in informant's opinion this organization existed only in the imagination of BAGWELL as a means of gaining publicity for himself following his forced resignation as grand dragon from the South Carolina Knights of the Ku Klux Klan.

The "Greenville News," a Greenville, South Carolina, newspaper, in its issue of January 2, 1958, published an article which reflected that BAGWELL had announced on the previous day that NKKKK was being dissolved.

INDEPENDENT KNIGHTS OF THE KU KLUX KLAN

(IKKKK)

On January 22, 1958, a source advised the IKKKK which was first known as the South Carolina Knights of the Ku Klux Klan, Incorporated, when originally organized in October or November 1956, then as the South Carolina Knights of the Ku Klux Klan from about April to October 1957, was formed in Greenville, South Carolina, by a group of dissatisfied members of the U.S. Klans, Knights of the Ku Klux Klan, Incorporated.

Source stated the objectives of the IKKKK are to maintain white supremacy and to fight against the integration of the races in any form and it is dedicated in doing so to a program of terroristic activities.

Source stated the IKKKK considers itself to be a part of a loose confederation of Klans which recognizes BILL HENDRIX of Oldsmar, Florida, as the imperial wizard but does not consider itself subject to organizational control by the confederation or by HENDRIX.

[] stated that when he was about fourteen years old he attended some meetings of the NYL held in a club house of the NYL on East 83rd Street, New York City. He stated that, in his opinion, attendance at these meetings did not constitute membership in the NYL since the meetings were open to the public. He stated these meetings were run by WEST HOOKER who is now somewhere in Italy.

[] stated that the NYL has been out of existence for several years, ever since HOOKER went to Italy.

b6
b7C

[] stated that he first met G. LINCOLN ROCKWELL through WEST HOOKER but cannot recall the exact circumstances of this meeting.

[] stated that although ROCKWELL may claim to have assumed leadership of the NYL from HOOKER, this is not so since the NYL went out of existence after HOOKER left for Italy, and the NYL has never been reactivated since HOOKER's departure for Italy.

Interview with [] File # 105-32656
on 12/4/58 at New York City Date dictated 12/4/58
by Special Agents [] /jrc

Property of FBI - This report is loaned to you by the FBI, and neither it nor its contents are to be distributed outside the agency to which loaned.

NY 105-32656

[] stated that some time in July, 1958, he was telephonically contacted by G. LINCOLN ROCKWELL for the purpose of coming to Washington, D. C., in order to join in the picketing of the Israeli Embassy together with the Daughters of the American Revolution and some progressive groups as a protest against Zionism.

[] stated that ROCKWELL had apparently obtained []' name and telephone number from HOOKER prior to the time HOOKER left for Italy.

[] advised that ROCKWELL sent him \$500.00 to cover bus transportation and other expenses for the group which left New York City for Washington, D. C., to picket in July, 1958.

Included in this group, in addition to himself, [] advised were his brother, [] and others whose names he declined to furnish or could not recall.

b6
b7c

[] stated he could not recall the exact date in July when the group went to Washington, D. C., but advised that they stayed overnight at the Washington Motor Court in Washington, D. C.

Although he had received the \$500.00 from ROCKWELL, [] stated that he believed this money was actually furnished to ROCKWELL by [] of Baltimore, Maryland.

[] stated that this was his opinion and could furnish no actual basis for his belief that [] had furnished this money.

[] stated that the picketing did not turn out to be what ROCKWELL had claimed but actually was a picketing of the White House with no other groups than the group from New York City participating.

NY 105-32656

He stated that following this demonstration he became disillusioned with the entire affair and has had no subsequent contact with ROCKWELL.

Following the Washington demonstration, [] in August or September, 1958, contacted him at the candy store operated by [] at 1311 Third Avenue, New York City, and on this occasion spent nine hours telling [] that the Jews were to blame for World War I, World War II, and every other trouble that existed in the world.

[] described [] as a "nut" and a fanatic on the subject of anti-Semitism.

[] advised that [] has made several other attempts to contact him in New York City, but [] stated he had left instructions with his parents to tell [] that they do not know where their son can be contacted.

[] stated he did not wish to be uncooperative and admitted that he had actually been a member of the NYL under WEST HOOKER because at that time he had an "academic interest" in racial questions.

b6
b7C

However, when people like [] whom he described as a "drunkard", began to attend meetings of the NYL, he lost any "academic interest" which he previously had. He continued to go to the club house on East 83rd Street, New York City, which was mainly used as a "hangout".

[] stated that in March, 1958, he and a friend, [] began a business at 206 East 85th Street, New York City. This business was in the commercial art field but due to financial loss the business was discontinued in August, 1958.

NY 105-32656

[] advised that the premises at 206 East 85th Street, New York City, was never used for any "meetings" but was only used in connection with his business and as a "hangout" for some of his neighborhood friends.

[] stated that his brother, [] was never a member of the NYL and had gone to Washington, D. C., in July, 1958, merely because it afforded him an opportunity to visit Washington, D. C., at the expense of ROCKWELL.

[] stated that the NYL has had no connection with the National States Rights Party (NSRP), and that he knows of no NSRP unit in New York City, nor has he ever been approached to join the NSRP or any other organization.

[] advised that he does not believe ROCKWELL would be capable of any connection with any bombing and stated he could think of no individual who might resort to violence in connection with racial matters.

He stated that he has completely divorced himself from all of his past associations because all the individuals involved like ROCKWELL and [] are, in his opinion, "nuts", and that he is only interested in furthering his own education in the field of architectural design.

[] advised that if he should receive any information in the future, of interest to the Federal Bureau of Investigation, he would immediately furnish this information to the Federal Bureau of Investigation.

Re: National States Rights Party

Alabama State Senator SAM ENGELHARDT, Shorter, Alabama, former Executive Secretary of the Citizens Councils of Alabama, has advised on several occasions that he is vigorously opposed to anti-Semitic, hate-mongering organizations such as NSRP. Senator ENGELHARDT advised that as a prominent leader of the pro-segregationist Citizens Councils of Alabama, he has received correspondence of one kind or another from every other organization which claims to be pro-segregationist, including the NSRP, and is, therefore, familiar with the locations of active groups of such organizations. He advised on December 11, 1958, that he has not heard of any active chapter or group of the NSRP located in the Middle or Southern (Federal Judicial) Districts of Alabama. He said that he was aware that the NSRP has a Post Office Box in Birmingham, Alabama, but does not know whether an active chapter is located there.

Confidential informants familiar with Klan activities in Central Alabama have all advised that they know of no chapter or group of NSRP in Alabama.

As has been previously reported, Informant T-2, who has furnished reliable information in the past, advised on September 3, 1958, that in August, 1958, at the National Convention of the NSRP at Louisville, Kentucky, Admiral JOHN CROMMELIN (Retired), of Wetumpka, Alabama, was nominated in absentia as the NSRP candidate for president of the United States in the 1960 elections.

DETAILS:

I. INTERVIEWS WITH PERSONS FROM INDIANA ATTENDING
NATIONAL STATES RIGHTS PARTY CONVENTION
AT LOUISVILLE, KENTUCKY, ON AUGUST 30, 31, 1958

FEDERAL BUREAU OF INVESTIGATION
INTERVIEW REPORTDate February 6, 1959

On December 9, 1958, Mrs. [] New Albany, Indiana, was interviewed by SAs ELDON M. PENN and SEAMANS J. JONES. Mrs. [] immediately recognized the Agents from a previous interview involving an extortion letter she received and cordially invited the Agents into her home. She stated she was glad to see the Agents and had intended to contact the FBI concerning her connection with the National States Rights Party ever since she read about the National States Rights Party's connection with the bombing at Atlanta, Georgia. She said she had actually attempted to telephone the FBI at Jeffersonville, Indiana, on one occasion and no one answered the telephone. She said that she had planned to personally contact the FBI since that time but had been unable to do so because of the illness of her mother and lack of transportation.

b6
b7C

Mrs. [] stated that she moved with her parents to Louisville, Kentucky, from Clarkson, Kentucky. She stated that her parents purchased a nice home on 26th Street in Louisville. At this time this was an all white neighborhood. Mrs. [] was about thirteen years of age at this time. Mrs. [] stated that as time passed Negroes began to move into the neighborhood and soon owned almost all of the property on the street. She said the property began to deteriorate, and the Negroes became insulting and threatening toward the few whites remaining. She claimed it became unsafe for a white girl to walk on the street after dark because of the cursing, insulting, and threatening attitude of the Negroes. She said that it was during this period that she formed her opinion that it is not possible for Negroes and whites to live and associate closely without serious trouble.

b6
b7C

Mrs. [] said that she and her parents put up with the above-described conditions until about three years ago. At that time they pooled their money and purchased the property on Highway 150 several miles out of New Albany, Indiana, where there are no neighbors of any kind for at least a mile in any direction.

Mrs. [] stated that while she was still living in Louisville, Kentucky, she talked a lot to friends about her feelings toward integration of the races and was fairly well known to some few people as being opposed to integration of the schools and churches. She said she did not make any effort to become involved

with any organized group until the 1954 Supreme Court decision on school integration. At this time she stated she was astounded at the decision and felt that some definite action must be taken by people who desired to preserve the American way of life with "separate but equal" school facilities for the races. She said she began to write letters to the editors of the local newspapers and indicated her desire to make contact with some group dedicated to segregation. She said she was first contacted by the Christian Sentinel and was put on the list for their literature. She claimed she never became a member of this group and that it never successfully operated in Louisville. She next made contact with MILLARD GRUBBS, head of the White Council, in Louisville. She said she was very much interested in this group but could never bring herself to agree to membership or participation in any group completely dominated by one man as was the White Council in Louisville. She stated that she did remain in contact with the White Council and other persons who openly expressed opposition to integration without joining any organization until she was telephonically contacted by EDWARD R. FIELDS in the spring of 1958. She claimed that she talked to FIELDS several times on the telephone without meeting him personally. During these conversations, he discussed the National States Rights Party organization and claimed that this was strictly a third political party. One day FIELDS called her and asked her to go to a meeting at Knoxville, Tennessee, with him to form the party. She stated she explained to FIELDS that she was not in a position to be very active in a party because of her responsibility to her ill mother and her husband. In spite of this FIELDS stated he was going to put her name down as an organizer.

Mrs. [] advised that shortly after the above telephone conversation she was personally contacted by FIELDS. FIELDS came to her home and picked her up and told her that she had been elected National Vice-Chairman of the party. He also told her that he wanted her to rent a post office box at New Albany, Indiana, in her name so that they could claim that the national headquarters of the National States Rights Party was north of the Mason-Dixon line and no one could claim that the party was strictly a Southern effort. Mrs. [] said she was very flattered by being named an officer in the National States Rights Party and agreed to rent the box. However, when they got to New Albany, FIELDS stated that he had decided that New Albany would be too much of a trip from Louisville for him to pick up the mail and decided to

b6
b7c

IP 105-1176

rent the Post Office box at Jeffersonville, Indiana. Mrs. [] said she was suspicious of this move but agreed since they were already on the way to Jeffersonville. At this Mrs. [] stated that FIELDS had sounded like a man 35 or 40 years old. She said when she met him personally, he claimed to be 26 years of age but looked more like 23. She did not like this and immediately began to have doubts about associating with him in working against integration. She said she rented the Post Office box at Jeffersonville, Indiana, in about May, 1958, and has never picked up the mail from this box. She gave the key to the box to FIELDS and has assumed that he picks up the mail.

b6
b7C

Mrs. [] stated that she continued to occasionally see FIELDS in Louisville but never attended a meeting of any group connected with the National States Rights Party until the national convention in August, 1958. She said that she thinks the "Thunderbolt" is edited and prepared by FIELDS and she has no connection with the paper except to receive it through the mails and read it the same as other members. She said it was because of articles appearing in the "Thunderbolt" that she really became suspicious of FIELDS' motives and sincerity. Articles appeared in the paper under her name and statements were attributed to her. She said she never wrote anything for the paper and never gave FIELDS permission to use her name in connection with anything in the paper. She also stated that it was through reading the "Thunderbolt" that she first realized that FIELDS and the National States Rights Party were violently anti-Jewish and hated the FBI. Mrs. [] said that she has never hated the Jews and has always had the highest regard for the FBI. However, she is against the Jewish Zionist Movement, which she feels is a political and not religious group dominated by the Communists. She said she is anti-Communist and is positive in her own mind that the 1954 decision of the United States Supreme Court was the result of Communist control of the Court. She said, also, that she is also certain that the United States Senate and House of Representatives are controlled by certain Communist front groups. She stated that the organization of a third political party with no Communist connections is the only salvation for the American way of life which means segregation of the races.

b6
b7C

Mrs. [] advised that prior to the national convention she discussed the program with FIELDS, and he said he wanted to invite JOHN KASPER to speak to the meeting. She claimed she told FIELDS that it would be a mistake to invite KASPER because

again

b6
b7C

IP 105-1176

he is connected only with hate groups and his presence at the convention would damage the reputation of the National States Rights Party. However, FIELDS invited KASPER anyway. Mrs. [] said that during this time she decided that FIELDS was in total control of the National States Rights Party and made all decisions without ever allowing his name to be officially used. She felt that FIELDS had some personal ambitions in the promotion of the National States Rights Party and could not be trusted. She said that she never at any time exercised any of the possible powers of her office of National Vice-Chairman of the National States Rights Party and held the position in name only.

b6
b7C

Mrs. [] advised that it was during the convention in August, 1958, that she really became disillusioned with the National States Rights Party. She said she met some of the members from the South and found that a lot of them were ignorant radicals who were controlled by emotions rather than by thinking. She said there were a lot of good religious people at the meetings but they, too, were disillusioned by the raving, ranting, radical speech made by JOHN KASPER. She said she listened to criticism of the Jewish Race and FBI until she was sick of the whole thing. She said she was not asked to speak but made a speech on the last day anyway and told the meeting that she did not agree with the opinions expressed by the speakers and that she did not join the group to hate anyone but to try and help a third political party to preserve the American way of life and fight integration and Communism.

b6
b7C

Mrs. [] advised that she became so disgusted with the National States Rights Party and FIELDS' methods after the convention that about a month ago she wrote a letter to FIELDS resigning her office of National Vice-Chairman. She said she also wrote a letter to the Post Office at Jeffersonville, Indiana, stating she wanted to discontinue her name being associated with Post Office Box 261, which is the box of the National States Rights Party. She also said she wanted to disassociate herself with the Party. She said she had both of these letters notarized. Mrs. [] claimed she is still interested in working with any new political party dedicated to segregation, anti-Communism, and preservation of the American way of life; however, she does not presently know of such a movement which operates under the same ideals she has.

b6
b7C

IP 105-1176

Mrs. [] said that the final act which was responsible for her break with the Party was the fact that some of the members of the National States Rights Party were apparently connected with the bombing of the Jewish Temple at Atlanta, Georgia. She claimed it was almost impossible for her to think any member of the National States Rights Party had anything to do with the bombing but some of the members were so emotional and radical that they may have been incited into such an act. She claimed that she had never heard any member of the National States Rights Party indicate that they would resort to violence of any kind. She said if any member of the National States Rights Party was involved, he must have been tricked into the act by the Communists or someone attempting to destroy the National States Rights Party. She said that the only person she knew of those indicted for the Atlanta bombing was [] and she had only met him at the convention at Louisville and knew him for about two days. She said she has not seen or had any contact with [] since that time. She stated, in fact, that the convention is the only meeting of the National States Rights Party she has ever attended and the only information she has concerning the National States Rights Party was what she read in the "Thunderbolt" and what FIELDS told her. She said she is, or was, the only member the National States Rights Party had in Indiana, and she felt this is the reason FIELDS used her.

II. ADDITIONAL BACKGROUND REGARDING THE NATIONAL STATES RIGHTS PARTY AND INDIVIDUALS AFFILIATED WITH THE PARTY

Confidential Informant Indianapolis T-1 advised on August 30, 1958, there was a national convention of the National States Rights Party held at Louisville, Kentucky on August 30, 1958, in the Henry Clay Hotel. Among those present was an individual known as TOTTEN, of Sherman, Texas, who stated he runs an iron works there.

Mr. C. H. BARRETT, Manager, Retail Merchants Credit Association, Sherman, Texas, advised on March 25, 1957, that HAROLD WALLACE TOTTEN, SR., is president of the Washington Iron Works of Sherman, Texas.

Mrs. CATHERINE W. GRAY, Deputy United States District Clerk and United States Commissioner, Sherman, Texas, advised on February 7, 1956, that she had known HAROLD WALLACE TOTTEN, SR., for a number of years, in fact, had attended school in Sherman, Texas, with both him and his wife, THELMA. Mrs. GRAY advised that the Washington Iron Works, Inc., was originally organized in 1876 by TOTTEN's father, HARRY TOTTEN, and an uncle, JESS TOTTEN, both of whom are not active in this business at the present. Mrs. GRAY stated that the Washington Iron Works was controlled by HAROLD WALLACE TOTTEN, SR., and that this business was primarily concerned with the repair of diesel-type motors. She advised that TOTTEN has a sister, Mrs. HELEN MAY KENNEDY, and stated Mrs. KENNEDY has been in and out of mental institutions practically all of her life. Mrs. GRAY stated that approximately three years ago HAROLD WALLACE TOTTEN and his wife, THELMA, extended her an invitation to visit them. Mrs. GRAY advised that she accepted two or three of such invitations; and, during the time spent at the TOTTENS, Mr. TOTTEN tried to indoctrinate her on his anti-Jewish beliefs. She stated that he was anti-United Nations, anti-government, and anti-Communist, in addition to being anti-Semitic. Mrs. GRAY stated that, according to TOTTEN, the Jews were trying to take over the

IP 105-975

United States Government. Mrs. GRAY stated that, in her opinion, Mr. TOTTEN could easily be losing his mind and, in her opinion, is by no means a well-balanced person. Mrs. GRAY further stated that during contacts with TOTTEN, TOTTEN told her how he was writing letters to the editors of Dallas, Texas, newspapers under fictitious names, giving fictitious Sherman addresses. TOTTEN indicated that these letters were anti-Semitic in nature.

On October 3, 1958, Confidential Informant Indianapolis T-2 advised that HAROLD WALLACE TOTTEN, SR., of Sherman, Texas, was in Houston, Texas, on November 9, 1955, in connection with an organization known as Patrick Henry Brigade, which T-2 described as an anti-Semitic organization. T-2 advised that TOTTEN has also been closely associated with GERALD L. K. SMITH, whom T-2 described as a noted anti-Semitic lecturer. T-2 further advised that TOTTEN has been associated with ALVIN V. GRANT, of Denison, Texas, who is the former state chairman of the Christian Nationalists Party, described by T-2 as anti-Semitic in nature. T-2 further stated that ALVIN V. GRANT was among those agitators present at the racial unrest at Mansfield, Texas, in September, 1956, when Negroes unsuccessfully attempted to enter previously all white schools in Mansfield, Texas.

On February 21, 1958, Confidential Informant Indianapolis T-3 advised that a meeting of the Oak Cliff White Citizens Council was held in the Adolphus Hotel at Dallas, Texas, on February 21, 1958. Among those present was HAROLD WALLACE TOTTEN, SR., of Sherman, Texas. Mr. TOTTEN got up and made a short speech which was very anti-Semitic in nature and told all those present that they should be armed to protect themselves. TOTTEN stated that he always carried a gun with him in his car at all times.

The Christian Educational Association is the publisher of "Common Sense," formerly known as "Think Weekly." The address of its publisher, CONDE MC GINLEY, is 530 Chestnut Street, Union, New Jersey, and the publication itself is a bi-weekly newspaper with a fluctuating circulation of between 30,000 and 100,000 copies. The material in "Common Sense" has been described as some of the most vitriolic hate propaganda ever published and generally "Common Sense" depicts communism as Judism and devotes its pages almost exclusively to attacks on the Jewish, and to a lesser extent, the Negro minorities.

Information furnished by Confidential Informant T-4 should not be made public without issuance of a subpoena duces tecum.

Chicago, Jacksonville, and Mobile Offices advised on December 19, 1958, and January 5, 1959, respectively, that they had no information regarding any National States Rights Party activity in their division.

On January 2, 1959, [redacted] Custodian, of the apartment building located at 2239 North Lincoln, Chicago, Illinois, advised that MATTHIAS KOEHL continues to reside at this address with EUSTACE MULLINS, both of whom are un-employed.

b6
b7C

According to the July, 1958, issue of "The Thunderbolt", an official of the National States Rights Party, MATTHIAS KOEHL, of Milwaukee, Wisconsin, was listed as a national organizer.

IP 105-975

On October 16, 1958, Indianapolis Confidential Informant T-5 advised that he had learned from a confidential source, whom he could not identify, that MATTHIAS KOEHL and EUSTACE MULLINS are reportedly living together on an estate belonging to a rich woman on the outskirts of Chicago. They are co-authoring a book entitled "The Parasite Theory." According to T-5, a confidential source stated that this book will seek to depute the idea that there is such a thing as a good Jewish person.

In the January, 1959, issue of "The Thunderbolt", MATTHIAS KOEHL had written an article for the National States Rights Party regarding the trial of National States Rights Party members in connection with the bombing of a Jewish synagogue at Atlanta, Georgia, October 12, 1958, which in essence states that these members of the National States Rights Party are innocent of this offense and are being framed by local and federal law enforcement agencies.

"The Thunderbolt" is the official publication of the National States Rights Party.

On January 8, 1959, Confidential Informant Indianapolis T-6 furnished the following information:

T-6 advised that during January, 1959, J. B. STONER made statements regarding the use of dynamite, and STONER stated that he knew nothing about the use of dynamite. He mentioned that the boys who blew up a Negro home in Birmingham got probation and that the same Jew who was in Birmingham at the time of the bombing of the Negro home was also in Atlanta at the time of the bombing of the temple.

PETER

T-6 advised during January, 1959, he heard an individual (FNU) [redacted] (phonetic) stopped by at XAVIER's residence in Dayton. [redacted] was driving a vehicle with Michigan license plates and his wife stayed in the car as, according to source, she does not believe in the movement. [redacted] stated he was returning to Detroit from a meeting in Birmingham where he spoke to 300 people and where the head of the Klu Klux Klan also spoke. He said that there would be blood in the gutter before integration is accepted in Birmingham.

b6
b7C

IP 105-975

He stated he stopped in Louisville to see ED FIELDS prior to stopping in Dayton and also to put his son on a plane to Miami where he goes to school. [] stated he is one of the heads of the National States Rights Party in Detroit where they are getting quite a few members. He stated that the organization in Detroit is mainly anti-Negro and is steering away from anti-Jewish trend due to bad feeling created by bombing in the South. STONER told [] to go see [] (phonetic) in Detroit and tell him he better come down to Atlanta as he is a key witness to prove that ROGERS' story about the Atlanta bombing of the synagogue being planned at a meeting in the park is phony. [] stated that in the organization in Detroit there are two men who are some sort of secret agents for the FBI. He said that one of these men is a 34th degree Mason and that both of them had told him that two other members of the organization in Detroit are Communists. [] also indicated that the movement would have a minister on the radio regularly in Detroit in the near future to plead their cause.

b6
b7C

The Klu Klux Klan has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

Confidential Informant Indianapolis T-7 stated on September 4, 1958, that STONER, XAVIER, FIELDS, and [] are members of the National States Rights Party.

T-7 advised on January 30, 1959, that during January, 1959, he received information from F. ALLEN MANN, whom he described as being a former member of the National States Rights Party. T-7 stated MANN had told him that J. B. STONER was residing with EDWARD R. FIELDS, whom he described as the head of the National States Rights Party in Louisville, Kentucky, and from there had gone to the residence of PETER XAVIER in Dayton, Ohio. MANN stated that STONER was going to stay with XAVIER during the Christmas holidays and would probably come to Chicago after his stay in Dayton. T-7 stated MANN told him he was no longer connected with the National States Rights Party and had no use for EDWARD R. FIELDS.

Efforts to secure reservations for the above rally were originally made by F. ALLEN MANN, Hinsdale, Illinois, a Chicago Division "hate subject", under the name of the National States Rights Party. Officials of the Atlantic Hotel, however, declined to accept the reservations for that organization. Subsequently Mr. J. B. STONER, who listed his address as 469 West Deming Place, Chicago, Illinois, secured the reservations for the above rally under the name of the American Flag Committee.

Copies of informant's report are enclosed herewith for the Bureau and offices as shown under the designation of copies in this letter. Report follows.

Meeting of the National States
Rights Party, Atlantic Hotel,
Chicago, Illinois, on May 6, 1959

Meeting called to order at 8:30 P.M.

UNIDENTIFIED WOMAN: Ladies and Gentlemen, I welcome you here in the name of the National States Rights Party rally. Most people think that states rights has something to do only with the racial question. It's a great deal deeper than that, it reminds me of a story about the Civil War. You know that was supposed to be about a racial question again. When BARON ROTHSCHILD (ph) came over here in 1859 to try to put over the Federal Reserve Banking System and while they, the white people and black people were fighting each other, Reverend HUGHS (ph) ran away with the boat and by that I mean that our money slips, and that's the same thing today, while we are kept busy just like two dogs fighting over a bone about the racial question, the Jew is going to run away with something. He already took our Constitution and now we're under the United Nations Government and the constitutional set up has state rights to give us more protection so that the Federal Government or the United Nations Government couldn't take our country away from us, but when we got into the United Nations Government back in '45 we lost our Constitution. Now we're even under the Genocide Treaty where you can be taken into a court room and tried without a jury and anybody who goes away from this court room and tells what was said there can be fined \$1,000 and thrown in jail so the State Rights Party is trying to recover some of our Constitution and we think that a rally is a good thing. We may not all agree on the details of the matter but we are all for Christ and for the Constitution and we're going to try to get our Constitution back and really work under that again instead of the United Nations Charter. You all have a sheet I believe and we would like to sing "Onward Christian Soldiers." Be seated now. We've had quite a work

out. We have a man tonight who has a great amount of knowledge about a subject which interests us. He is from Atlanta and I'll tell you girls that the most courteous men I ever met come from Georgia. If you can get a shopping bag and start down the street some nice fellow will always insist on helping you carry the bag but start down Ashland Avenue with a couple of suitcases but nobody will ever try and carry the suitcases for you. Our speaker tonight is an attorney from Atlanta, travelled a great deal and also wrote a book. We have it greatly reduced tonight, you can buy one. We have it here on the table, I think he will endorse it for you, I mean autograph it. He is going to talk about the racial question. He is going to talk about how the white patriots in the south are persecuted by the FBI and he is going to talk about the Christian's attitude toward the Jews and he is going to also going to prove that Communism is Jewish. I'd like to introduce Mr. J. B. STONER.

Mr. J. B. STONER : I thank you Mrs. [] and Mrs. EDEN (ph). How do you do ladies and gentlemen, and fellow white Christians of Texas and Chicago and I also greet our African Christian friends here who are supporting the repatriation movement. Since during the course of any speech I make I refer to Jews so many times I don't want anybody to think that I'm denouncing God's chosen people so I'd like to make this clear as to who the Jews are and who I am talking about when I start speaking about the Jews. So some of you have undoubtedly heard a preacher get up and preach that the Jews are God's chosen people and they quote verses over in Genesis, First Book of the Bible in which it says, quoting God, "I will bless they that bless thee and curse they that curse thee". Then those false preachers say that that means that if you bless the Jews you will be blessed and if you curse the Jews you will be cursed, where as that's not what the Bible says, it's not what it means and only a false interpretation can make it say that, because in Galatians Chapter 3, especially verse 29, where it says "and if ye be tried then are you Abrahams (unintelligible) and heirs according to the promise" which proves that we Christians are (unintelligible) and because of the promises God made to Abraham (unintelligible). Those

b6
b7C
b7D

people that claim the Jews are God's chosen people are mixed up inside themselves. I can't think of any sin greater than the sin of calling the children of the devil God's chosen people, that's just about as near to blasphemy as a person can get and that disturbs God himself. Now I am only going to read a few verses here, I may talk to you for two or two and a half hours but (unintelligible) the words of our Lord Savior Jesus Christ, Son of God. Now toward the end of the quotation it says (unintelligible quotation from the Bible). Then to go ahead with the quotation from the Lord Jesus Christ and "because I tell you the truth ye believe me not. Which of you (unintelligible) of sin and if I say the truth why ye not believe me. He who is of God hearest God's words. Ye, therefore, hear me not because ye are not of God." Now I ask any reasonable person to explain how a group of people that are denounced by the Son of God himself as being not of God can be God's chosen people. It's just too unreasonable. Then as to the Jews, J E W S, I especially cite this quotation to you because it requires no interpretation you don't have to misinterpret or reinterpret or anything else. The words are very plain and the words Jews (unintelligible-quoting from scripture) - and then said the Jews unto him 'Thou art not yet 50 years old and has thou seen Abraham.' Jesus said unto them, 'verily, verily I say unto you before Abraham was I am.' Now since the Lord Jesus Christ was in existence before Abraham, The Patriarch, it's quite obvious that he is above being of any particular race. He is not a Jew and he is not a Gentile. The Lord Jesus Christ was in existence before the world was founded. Just like he said to the Jews, "verily, verily I say unto you before Abraham was I am." Therefore, that also debunks the old lie that the Lord Jesus Christ was a Jew. Now then I thought that too, that's before I made an investigation on my own to find out. Now as far as this little New Testament, I asked someone to bring me a small one because I didn't want to walk in here with a big Bible, I didn't want people to think I'm a preacher. In St. Matthew Chapter 42 beginning with the 43rd verse quoting the Lord Jesus Christ (unintelligible) (continued to quote scripture at length.)

In Revelations, both chapters 2 and chapter 3, verses 9 in both chapters, the Lord Jesus Christ speaks of the Jews as the synagogue of Satan, therefore, when I talk about the Jews tonight I am talking about the same Jews that the Lord Jesus Christ called children of the devil and if the Lord Jesus Christ himself can call the Jews children of the devil I can feel free to do so. Back about 9 or 10 years ago I published a leaflet and at the top of it I had a headline that said U.S. Senate may outlaw Holy Bible. I was in a Klan meeting in Knoxville with that leaflet and there was some kind of a man sitting next to me who shouldn't have been at a Klan meeting, and he denounced that leaflet. He said you know our U.S. Senate wouldn't pass a law outlawing the Bible or do anything else like that, it's wrong to even suggest that they do that or even think it because they're upright men. That article was about the so-called Genocide Convention that had been passed by the United Nations organization. The Genocide Convention is now in effect, many nations have signed it and ratified it. The United States signed it, the State Department under President TRUMAN signed it but the U. S. Senate refused to ratify it. But even so, under the UN Charter it's in effect anyhow because they don't need ratification from the nations that are already signatories to the UN Charter. Now under that Genocide Convention the Bible is outlawed. I don't care how upright and honest the members of our U.S. Senate are supposed to be, whenever they ratified the United Nations Charter they outlawed the Holy Bible, because the Holy Bible is anti-Jewish. I've read in many Jewish publications where they have denounced the New Testament as being the most anti-Jewish book in existence, and they advocate that those sections be deleted. Therefore, we either have to delete somewhere from one-third to one-fourth of the New Testament or circulate it if this violations of the United Nations Genocide Treaty (?). The Bible is contrary to the Genocide Convention and illegal under it because it's against the Jews. The Genocide Convention defines Genocide, which is supposed to be mass murder or mass killing of a group, a religious group or a racial group, but it does not stop to define Genocide as the murderer of groups. Article 2

of the Genocide Convention, and this is the last time I'll read anything tonight, says, in the present tradition, - in international law a convention is the same as a treaty - in the present Convention Genocide is any of the following acts committed with intent to destroy in whole or in part a factional, ethnical, racial or religious group as such, a) killing members of the group, that's quite obvious there, but the b part is the dangerous part and that part that outlaws the Holy Bible, b) says causing serious bodily or mental harm to the members of the group. Under that Genocide Convention admission to you there, my African friend Reverend DAVIS over here, and I could not honestly express our views to one another, because if I criticized one of his views, I could be put in a United Nations prison for Genocide, and if he criticized some of my views he could be put into a United Nations prison for Genocide. I'm a Protestant and I have many Catholic friends and I'm not anti-Catholic at all in spite of the fact that back during the war I was in Cleveland in the Klan, and when I was in Cleveland in the Klan I talked mainly about two things - demanding racial separation and against the Jews. There's nothing anti-Catholic in my record; that's not the purpose for which I joined the Klan. And like I say I have many Catholic friends, in fact I even have Catholic relatives, but we couldn't even engage in a friendly discussion of our religious differences under the Genocide Convention without violating the law. Now the bad part, or well, the part I just mentioned is bad enough, destroys all freedom of speech; you can no longer discuss racial, religious or other such differences, that is we can't. The Jews can still say what they please. the Jews can still continue to attack Protestants and Catholics, whites and Africans because the Jews are the ruling race. The UN was created by the Jews and their agents. But our literature would be suppressed. And then to make it even worse if you were charged with violating the Genocide Convention you will not get a trial before a jury of your peers in your home county, district or state. You can very easily be hauled over to Moscow, Paris or Tel Aviv to be put on trial before an international UN court. And there is no provision in any of their proposals for a jury; it wouldn't make too

much difference what the provisions are if they're going to drag you elsewhere for a trial. Or even if they gave you a trial here in Chicago, if they bring in judges from Russia and other Communist countries and from Israel to sit on the court as judges. There still wouldn't be any justice. One of the main reasons why we don't have justice in the United States today in our criminal courts is because most defendants can't afford to hire good legal counsel and pay for the cost of preparing their own defense. Now if you can't dig up enough money to pay for your defense in a local court, where in the world are you going to get enough money to pay for your defense in an international UN court in Tel Aviv, Moscow or Peiping, China. You just won't have that much money unless you're one of the ROCKEFELLER brothers and of course since the ROCKEFELLERS work in alliance with international Jewbindery, they wouldn't go on trial. Just us poor white Christian Americans and our poor African friends who aspire to have a country of their own in Africa. We'd all be too poor to go over to Tel Aviv or Paris or Moscow to put up a defense. Down in Atlanta recently, the trials down there, cost all the money that could be raised. Some people are still in debt over that and that was in Atlanta, Georgia. Now I'm sure that if witnesses had to be subpoenaed from the United States to go to foreign countries that the cost of justice would be prohibitive, therefore, there is no such thing as justice before an international court of any kind whether they call it a UN court, NATO court or anything else like that. The UN is officially a world government regardless of what they say. It just so happens that the United Nations organization government doesn't as yet have enough power to put into force the power that it has on paper. It doesn't have the enabling power to make its will felt everywhere. Once it does, they will need no more treaties or any other kind of agreements to completely destroy America's independence. On paper there is no United States of America any more. It was abolished whenever our high and upright Senators ratified that treasonous United Nations organization charter. And that's not the only treaty they signed to abolish our freedom. Whenever they ratified, or as a matter of fact, whenever they ratified the NATO treaty, the OAS treaty, the Organization of American States,

SEATO over in the Pacific, each one of these treaties destroyed America's independence and freedom on paper. It now only remains for them to put the effect of these treaties into practice. So the United States still has enough power to break free of the world Jewish government, but we must assert ourselves and completely withdraw from all entangling foreign alliances and treaties that deprive us of our national sovereignty as soon as possible. Give them a little more time and all of our national police forces, our national Armies, national Navies and Air Forces will all be turned over to the United Nations organization. And once that happens it's too late for us to win back our freedom. We still have the power to be free, but if we keep sleeping until they give more and more actual power to this United Nations organization, or similar organizations, it will be too late. As it is the United States has probably the most powerful armed forces in the world. As long as that's the case and they don't deprive us of any more domestic freedom we can still have a free America. I say that I thoroughly agree with The Women's Voice about the Bricker Amendment. I don't know about Senator BRICKER's intentions, whether they were good or bad, but I know the results of the Bricker Amendment if put into effect would have been bad because it would have left us in this Jew-Communist United Nations organization. I wish Senator BRICKER had spent all that time he spent with the Bricker Amendment in a campaign to bring about America's withdrawal from the United Nations organization. Some people object to the admission of Red China into the United Nations organization. I don't object because I think we should give China the United States seat in the United Nations organization. As it is, there are five major powers sitting only, sitting as permanent members in the United Nations Security Council, the Soviet Union, Nationalist China, United States, France and England. That means Russia is a permanent member and if the membership of China is transferred from Nationalist China to Communist China that will make two major powers out of five that are Communist, so then they only need one more nation, such as France, and they will have an actual majority of permanent members on the United Nations Security Council. They say that you shouldn't belong to Communist organizations here in the United States, and

that's certainly my opinion, but if United States Government is honest and doesn't want to be hypocritical, why doesn't it practice what it preaches in international affairs and withdraw the United States from all organizations to which Communist nations belong. In the United Nations we Christians are a minority because Christians are a minority throughout the world. In the United Nations organization we white people are a minority because we are a minority throughout the world. In the United Nations organization, Africans are a minority because they're out-numbered by the other races. If the United Nations world government were operated like the United States Congress or the British Parliament, white people, Christians, Africans, would be out-voted every time they took a vote on anything. We would be, in effect, under forced alien rule of the worst kind. Of course in practice the people of the world never rule the world. There are at least two billion five hundred million people in the world, most of them can't even read their names. If they're voted, they'll be voted like some of the controlled mob votes in this country. They will be hauled to the polls, be given marked ballots to be dropped in the box; there wouldn't be anything intelligent about such elections. It is impossible to have a government as large as a world government where the people of the world can't have any control over it ~~whatsoever~~. I know, and most of you people here know who would control that world government. It is the international Jew-Communist conspiracy. It operates in every country. Back a few years ago in a political committee of the United Nations organization this fellow HAYWARD DOUGLAS (ph) kept referring to the Israeli delegates as Jews. The Chairman of the Committee told him to stop doing that because there were Jews sitting around the table representing many nations, which is the truth. There's South American nations, African, Asiatic, European, in fact I don't know of any nation other than those in the Middle East, except (unintelligible), that aren't represented by Jewish delegations in the United Nations organization. Naturally they threw in a few gentiles as a smoke screen. Several years ago when that great Senator, PAT MC CARRON, was alive, he was chairman of the Senate Judiciary Committee. He was also chairman of a sub-committee of the Senate Judiciary Committee which was investigating the internal security. He did not have the authority under treaty

law to investigate Communists working for the United Nations organization in New York City. But he did have the power to investigate American citizens that were working for the United Nations organization. He found out that droves of them were Communists that had worked for the State Department that had been transferred over to the United Nations organization where they sat as members of the various commissions and departments. Of those Communists there, the overwhelming majority were Jews, including top legal counsel for the United Nations organization. Senator MC CARRON didn't have anything in particular on that Jew or on any particular Jew, but when he subpoenaed him to come before a hearing to testify about some of his fellow Jews, he jumped out the window and committed suicide. I can't remember his name off-hand. There are so many Jew-Communists that I would have to have a list to be able to do that. Like I said, I don't want to read any more tonight. But I am saying here to you tonight that if we allow the United Nations to continue to exist it means death for Christianity, death for the white race and death for our America. Some of our Senators may be too honorable, or have too much integrity to go out and steal some atomic bomb secrets and give them to a Communist nation, but some of them are such cheap politicians that they didn't hesitate to betray the United States by signing that treaty with United Nations Charter Committee. Under the United Nations Charter segregation is already illegal. The United States Supreme Court never had to make a rule. Under the United Nations Charter and under its declaration of Human Rights, Genocide Convention and convention on Human Rights, all the State laws that prohibit an intermarriage of white and non-white are illegal. Any court in the United States from the lowest to the highest can throw out any law that prohibits racial intermarriage or any other kind of racial integration on the basis of the UN Charter and then of course, with resolutions passed by the United Nations organization under and pursuant to that charter. Furthermore, all of our immigration laws are scraps of paper because under the United Nations organization, everyone, under their declaration of Human Rights, everyone is free to move from one country to another without any restrictions. Well that act (ph), since

they don't have all the armed forces in the world yet they haven't tried to carry that out too much against us except in one respect. Even though a lot of white Christians over in Europe that have been persecuted by the Communists are not allowed to enter the United States, it seems that the UN Charter and their declaration on Human Rights is being observed in that Jews can come freely to the United States any time they get ready, in numbers of their own choosing. At the time of the Communist, uh let me say, at the time of the revolt in Hungary, the people that were sick of Communism rose up to throw out the Communist government. That Communist government denounced the rebels in Hungary because they said they were attacking Jews. Well, the rebels in Hungary lived in a Communist country and they knew who the Communists were so that's why when they wanted to shoot some Communists in Hungary they started looking for Jews. At first the Jew-Communist Secret Police fled Hungary because they didn't want the white Christian Hungarians to kill them. Those white Christian Hungarians are mostly still in concentration camps in Austria and Germany. No excuse. At first the Jew-Communists came out; they fled; they came over to the United States in wholesale numbers. Even Vice President DICK NIXON went to New Jersey where he gave them a speech of welcome, they couldn't eat for a while because they had to get to New York City to buy kosher cooking utensils and kosher food. Now when the white Christians escaped Hungary they had to go to concentration camps in Austria and Germany and that's where most of them still are. So as you see the trouble with a lot of these laws about free immigration and free migration from one country to another is that it allows the Jews to go freely from one country to another but not us white Christians. Sometimes someone will say, why do you blame the Jews for everything, or why are you against the Jews? Well I know one good reason for being against the Jews. I know many good reasons, in order to give you some, I know one good reason, the Jews are against us and that's good enough reason to be against them. It is no exaggeration to say that the Jews are behind most of our troubles. I don't say that they originated all of them because they didn't.

We'd have a little race problem without the Jews. We'd have a Communist Party in the United States that nobody ever heard of without the Jews. We'd have a few little problems, but the Jews are out to conquer the world; Communism is merely one of their methods. The United Nations organization is another one of their methods; racial mongrelization is another one of their means to conquer the world. They're trying to destroy our civilization and everything our civilization supports. All these great institutions and so forth, they are for it. Since they are at war against us they support any kind of a conspiracy or anything harmful in order to destroy us or our civilization, our race and our country. That's why they're behind so many things. They want, they've got, to destroy everything good in the world, so they can rule, and after they've destroyed us it'll be a world in which even a Jew won't survive because there'll only be wild beasts roaming the world. The white race has been here a long time. There are archeological records that show that before the beginning of recorded history, that the white race migrated out of Europe as early as that time. There were two main courses in particular that they followed, a northern course through Siberia into Japan and some of the Pacific Islands, they also followed a southern route through India and that way on into the Pacific Islands. The reason we know that white people migrated that way back then, is because they had a particular type of burial mound that only white people used. They buried their dead in them. Their skulls have been dug up and the skulls have been examined and any craniologist can tell whether a skull is out of a white man or any other race. Furthermore some of them made death masks of the people, of their deceased before they buried them and left the death masks in the grave, and those death masks showed by the shape of their faces that they were white people. Some people say that the great civilization of China was originally started by white people. Then as a result of race-mixing they became stymied and their hasn't been any progress in Chinese civilization for several thousand years. Now the Japanese do very well, but they had kept themselves pure for about 2,500 years. Of course now the Jews over there plan to mongrelize them too, because if there is anything the Jews hate it's a pure race, a race that has self respect. Now at later dates, white people established civilizations in

India both before the time of recorded history and since. As a result of mongrelization, civilization went down there too. Seems that a man of pure race and a race of self respect has a desire to improve himself and his community, but a mongrel is an unstable person and their civilization, their governments can't last. Instability as you know, will destroy any organization even if it's a business or social organization and the mongrel, he's an unstable person. In Egypt you have a classical example of what mongrelization did. Egypt had one of the greatest civilizations of the ancient world, but like most of us today, they were inclined to dislike work and didn't believe in working any harder than they had to, therefore, they started importing slaves to do their work for them. They didn't like to fight too well so they imported Africans from farther south to make soldiers out of them, they fought in Egyptian armies. If those Africans had been left for themselves in Africa they might have developed very well but whenever you mix an African with a white Egyptian you no longer have an African or a white man either one. You then had a race of people with no racial self respect and they cared nothing for social institutions that preserve civilization. During the time of the Roman Empire the Jews were the principal slave dealers; they are the ones that sold slaves all over the Roman Empire and also the (—) (?) Empire. They sold white people from England and Germany and Africans from the Congo and slaves from everywhere else on the Roman slave markets. They have been the principal slave traders, up, throughout the world up until recent days. In the United States the slave trade reached its peak back during the 18th century. At that time Newport, Rhode Island was the largest port in America. It handled more commerce than the city or port of New York. Most of the ships there were not owned by Yankees, as some southern politicians try to tell us people down south. I don't blame you good Yankees a bit for that because you aren't guilty. The politicians down there try to say the Yankees brought the slaves over and sold them to us then took them away from us. Well it's the Yankees, they're the ones that commanded the ships and sailed them alright,

because the Jews were too smart to go on a slave run where not only most of the slaves but the crew also died. The death rate was too high on a slave ship for any Jew to sail on. Out of England at that time, England had about 190 or 192 ships engaged in the slave trade from all of her major ports, only 190 or 192. One Jew alone in Newport, Rhode Island, a Spanish Jew by the name of AARON LOPEZ (ph) owned 150 ships. There were other Jewish families there such as POLLUP (ph), REVERIA (ph), and MARTIN (ph) that owned other ships and a few of their ships weren't used for hauling slaves. Sometimes they wanted to take a trip to Europe or somewhere to see the sights, but those Jews in Newport, Rhode Island owned most of the slave ships. They would make rum in Newport and send it to Europe on their ships then they would drop down to Africa, pick up some slaves, bring them back and sell them in the West Indies and in the south, then pick up molasses and uh sugar cane and uh sugar cane products and bring such as that back to Newport where they made it into more rum. Then they would sail that to Europe and pick up some more slaves. They always had Jews over in Africa. Jewish - there were agents of the Jews in Newport that would go to some of the native chiefs and buy slaves from them. Most of the slaves they brought to the United States were slaves before they brought them over here. One tribe would go out and capture members of another tribe and sell them into slavery. So while the Jews were running the financial transactions, they had their agents buy slaves, then they sent the Yankee clippers over to bring them over. That run, as they called it, carrying rum to Europe and slaves back to the West Indies in the south and uh sugar cane products back from the West Indies to Newport was known as the Triangular run. It was the most profitable trading run in the world at that time and the main item was slaves. And like I said before, most of those slave ships were owned by the Jews and yet the Jews now cry about the mistreatment of the slaves or the descendants of slaves that are living in the United States, when they're responsible for them being here. Just like in Richmond, Virginia, the largest slave market there, ~~which was one of the largest~~ in the south, was owned by a Jew. The Jew would sell you

and me into slavery too if slave states were still here and he could get away with it. The Jews have been working for the mixing of the white and African races for many centuries and many generations. Before I start talking about the NAACP, I'll say a few words about the Jewish Professor FRANZ B O A Z is the way you spell his last name. He was born in Germany, came to the United States where he became a Professor of Anthropology at Columbia University in New York City. While he was there he wrote several books about the racial problem in America and even though he was a Jew fresh from Europe, he was insistent upon his solution for us, in spite of what we, ourselves wanted. BOAZ admitted that there were physical and mental differences between the white and African races but in spite of that he still wanted to mix them. He advocated in his books and in his lectures that the whites and Africans intermix so we could have a brown or yellow race here, and thereby destroy both the white and African races. Most of you have heard of Columbia University. I've had school teachers that were so proud of the fact they got through teachers college, that they then went to Columbia University for a year to sort of top it all off or get a masters degree. They thought they were the best teachers in the world, after spending a final year at Columbia University. While they were there they were indoctrinated with the idea of that Jewish Professor FRANZ BOAZ. That's one reason why in colleges, universities and schools throughout the United States today, they teach racial mongrelization and hatred of both the white and African races because those naive and uh ~~unthinkings~~ school teachers when at Columbia University swallowed all that poison that was fed to them by Professor FRANZ BOAZ. Now Professor BOAZ didn't like the racial situation that he found in the United States. When he left Germany, he should have moved to a mongrel country like Portugal or Brazil. He didn't need to come over here and tell us white people and us Africans to commit racial suicide and pollute our entire educational system. The Jews are the main ones responsible for all of our racial troubles. Down in the south some people have a tendency to blame people of African descent. But Africans in the south are no more responsible for the trouble down there than you and I

are. They are victims of a Jewish conspiracy. You know back during the civil war, like uh Mrs. [] (ph) here mentioned a while ago, BARON ROTHSCHILD (ph) came over to the United States before the Civil War to try to establish a Federal Reserve System back then. He didn't succeed at that time, but he did find out enough information to know about how to conceive the start of a Civil War in the United States for the purpose of destroying the United States. BARON ROTHSCHILD was a member of the international Jewish banking family of ROTHSCHILDS which originated in Frankfurt, Germany. In fact practically every international Jew banking house originated in ROTHSCHILDS. In my own opinion, they actually always had constituted the treasurers of the international Jewish nations and that the money didn't especially belong to those Jewish families themselves. Most of the facts I cited to you, you can find in the Universal Jewish Encyclopedia, along such subjects. The Universal Jewish Encyclopedia was written and published by Jews. Of course, I know that if something is unfavorable to the Jews it doesn't make any difference if a Jew did publish it, if you repeat it, that is intolerance, bigotry and anti-Semitism. Now, according to them, the Universal Jewish Encyclopedia, which is in most public libraries, the south was financed by the international Jew banking company of Erlanger (ph) and the north was financed by two international Jew banking houses, one the house of Speyer and uh Slicka (ph). Slicka and Speyer are still in business in New York City. They originated in Frankfurt, Germany. They were allied with the Jewish ROTHSCHILDS (ph). Therefore, during the Civil War we had Jewish money financing the north and we had Jewish money financing the south. All the while during that war many Africans were killed, there were Africans that fought on both sides, and the total casualties for the war amounted to about one million men. Some of our best racial stock was killed off while the Jews over in New York, London, Paris and Frankfurt rubbed their hands, drank toasts about it and laughed how we white Christians were over here killing ourselves off, giving them more power. Then after the turn of the century Jews decided to organize the National Association for the Advancement of Colored People. I can't remember

b6
b7C
b7D

the names of all those Jews, but they had the assistance of some half-breeds. I doubt if there was a pure-blooded African in the bunch. The National Association for the Advancement of Colored People during its history has only had two presidents. They are both listed in the Universal Jewish Encyclopedia. The first one was JOEL ELIAS SPINGAR (ph), a Jew. His widow is still on the National Board of Directors of the National Association for the Advancement of Colored People. Upon his death his brother ARTHUR B. SPINGAR (ph) became president and he is still president today. Like I said before, I'm not going to read anything to you anymore but there's ARTHUR SPINGAR's (ph) name on some official stationery of the National Association for the Advancement of Colored People and this is dated November, 1958. You can confirm the fact that he is a Jew by looking in the Universal Jewish Encyclopedia. Uh, therefore, the NAACP has never had an African as president of it. Not only is ARTHUR SPINGAR (ph) president of it, but it has quite a few Jewish vice presidents and it has Jews on the Board of Directors including the international Jew banker HERBERT LEHMAN, who was formerly governor and senator from New York. Now several years ago a Jew lady in the NAACP started suits in five or six different states for the purpose of going to the United States Supreme Court and seeking the United States Supreme Court to give a decision against racial segregation. They finally got up there with their cases and uh the Supreme Court handed down its infamous, treasonous, Communistic decision against segregation in the schools on May 17, 1954. Some people said what can you do about it when the court rules unanimously. You know that's the same way with a poker game. When the deck is stacked, you start playing with a different deck of cards. That Supreme Court was stacked by that Austrian (?) -born Jew FELIX FRANKFURTER, BERNARD BARUCH and that council of Jews that actually ruled our country, those Jews that rule the Supreme Court, the president and the congress. I am not willing to ever accept an unconstitutional decision by the United States Supreme Court regardless of who makes it when it's unconstitutional, and I know it's unconstitutional, and much less am I willing to accept a decision when it's made by a Jew-stacked court. Some people say you wouldn't get into

so much trouble if you just attacked the colored people and left the Jews out of it. Well that might be, but that would be dishonest and furthermore it would be ineffective. I mentioned those five suits that the NAACP appealed to the United States Supreme Court where they ruled against segregation on May 17, 1954. They started out with six suits, the sixth suit was in Atlanta, Georgia. They dropped it without carrying it to the United States Supreme Court and I know why. It's because the word Jew was in it. At that time Dr. EDWARD FIELDS (unintelligible) was in Atlanta. He's a young fellow and he and I put out a leaflet entitled Jew Communists Behind Suit to Abolish Segregation in Atlanta schools and that was along about in 1951. This told about the NAACP being Jew-led and about how the Jewish Life magazine once came out with the statement that it was their duty as Jewish Communists to do all they could to abolish white supremacy or white chauvinism, as they call it, that word is (unintelligible) chauvinism. As a result of the leaflet, the FBI called up Dr. FIELDS and called him into their office where they lectured him for two hours. They wanted to know who his friends were and could not understand why he wouldn't tell them. After all, the FBI said, FIELDS was a good Catholic. The only thing FIELDS told the FBI was that if they wanted to get Communists, then go to the Atlanta newspapers because the Atlanta newspapers would take care of the Communists. The American Jewish Committee petitioned the (unintelligible) to abolish school segregation in the south. This committee (unintelligible).

At that time the American Civil Liberties Union was headed by a Jew who is now dead, let's see, I think, when was it, ARTHUR GARFIELD HAYES, (unintelligible). They never said much about HAYES being a Jew until he died, and then it got out. I think that ARTHUR GARFIELD HAYES is now a good Jew. About a year or two ago the NAACP in Alabama got into some trouble with the State of Alabama. They had failed to observe the laws of the State of Alabama regulating corporations. If it had been a white organization it probably would have been suspended from doing business, too. So a judge issued an injunction prohibiting them from operating until they paid the fine. The NAACP started dealing with the United States Supreme Court and naturally that Jew-stacked court ruled in their favor. Once again the NAACP was joined by the American Jewish Congress, the American Jewish Committee and the Jewish Anti-Defamation League, B'Nai B'Rith and other Jewish organizations to petition the United States Supreme Court to rule in favor of the NAACP. Now, since the official record shows that this race-mixing program is a Jewish racket, I believe in indicting the Jews for our racial troubles instead of the Africans or Yankees or anybody else. Of course the politicians complain, but they're so gutless, spineless and have such small brains that they're not leaders, they're a bunch of followers and they always go which ever way the pressure forces them to go. They're a bunch of jackels, with a few exceptions of course. You know, some of these politicians, they say, well we're going the other way because the Jews are putting pressure on us. Well the thing for us to do is to put more pressure the other way instead of accepting such explanations. I've been called a racial extremist. Now my definition of extremist is a person that has also been called prejudiced. It is not prejudice to render a judgement after you've heard and seen the facts. That's what you call "post-judice" I guess. But I've also been called a racial extremist, and I don't know what other racial extremists are, but I have studied the racial situation, and I define

my kind of racial extremism as knowing that I'm right and not being afraid to say so without making apologies for it. Now our African friends over here I presume are all right. My good friend there Reverend [redacted] Reverend [redacted] who is a leader in the repatriation movement, Reverend [redacted] is proud to be an African and wants everybody to know he's proud. He's proud of the kinky hair on his head and he's proud of his black skin. Now, I'm a white man I'm proud to be white, and I intend to do all I can to preserve the white race, just like Reverend [redacted] intends to do all he can to preserve the African race. There is nothing in the teachings of Christianity to require us to practice racial integration. There is nothing in Christianity that says that to be a good Christian we must commit racial suicide. Quite the contrary. I think these preachers that preach that the only way of salvation is to believe in integration, and that, in effect, is what many of them are preaching, I think that they are not much better than JUDAS ISCARIOT. I intend to spend all my life, I might not live much longer, fighting for Christianity and the white race in America. If the Jews don't like it they know what they can do about it. I am 35 years old and have been fighting the Jews and race-mixing and all such as that for 18 years. That's a little over half my life. I don't have as much money now as when I started, but if I had to do over again I'd do the same thing only more so. Some people speak of ABRAHAM LINCOLN. My grandfather didn't like ABRAHAM LINCOLN. On one side of my family my great-grandfather was dead at the time of the Civil War and left a widow and several children so he wasn't involved in the war. Even then the Yankee Army ate up all the food and they almost starved to death. My other grandfather, his father was killed fighting for the South in the Civil War, so my grandfather didn't like Yankees very well and he especially didn't like ABRAHAM LINCOLN. He always said ABRAHAM LINCOLN killed his father. I've read about the situation from Jewish as well as non-Jewish sources. I know ABRAHAM LINCOLN, toward the close of the Civil War, before it was over, issued the Emancipation Proclamation which freed all slaves in those states subject to Confederate rule, but not those that were states in the laws of the Union.

b6
b7C
b7D

In that Emancipation Proclamation he advocated that the Africans upon being freed should be given a country of their own. Many of the hypocritical politicians get up on LINCOLN's birthday and they talk about ABRAHAM LINCOLN and the Emancipation Proclamation, but they never read that Proclamation even though it's very short. They don't read it because their Jewish masters and the other race-mixers wouldn't let them. ABRAHAM LINCOLN's Emancipation Proclamation advocated that the slaves upon being freed be returned to their African homeland or settled in some other appropriate place. Now we're here in Illinois. ABRAHAM LINCOLN and Judge DOUGLAS both campaigned for a seat in the United States Senate from Illinois. They competed all over the State of Illinois. Both of them advocated a separation of the races. During that time ABRAHAM LINCOLN also advocated that the Africans among us be given a country of their own. While he was President, in addition to the Emancipation Proclamation, he also advocated that Africans be allowed to return to their fatherland in Africa. Not only ABRAHAM LINCOLN but THOMAS JEFFERSON, who was the principal writer of the Declaration of Independence and helped frame the Constitution, also advocated that such Africans among us be allowed to return to their own country. Many prominent men such as CLAY and WEBSTER advocated the same thing. In fact, the American Colonization Society actually established a home for American Africans on the west coast of Africa which is known as Liberia. You look on any map of Africa and see Liberia there. It was established by the American Colonization Society. Now back in, I think it was 1938, the great Senator BILBO introduced a bill in the United States Senate that would provide for funds and other arrangements to help the Africans in America to re-settle in Liberia, and give them the assistance of the United States Government in doing it. He introduced the bill at the request of several African organizations in this country who had gotten up a petition with about three million names of Africans in this country who wanted to return to Africa. Senator BILBO died so these Africans here in the United States such as Reverend [redacted] here, and [redacted] here, who is also from

Chicago, got United States Senator WILLIAM LANGER of North Dakota to introduce that same (unintelligible) Liberia bill. I'm like the Reverend [redacted] here tonight. I think the bill is a good bill. I think it needs to be strengthened. We did the Africans wrong when we stole them and kidnapped them and brought them over here. Some people say it is impractical to re-settle our Africans back over there; but during World War II we sent 12 or 15 million men overseas all over the world on both continents, and kept them supplied for several years in addition to supplying the armies of several other countries such as that great ally of FRANKLIN ROOSEVELT, Soviet Russia. If we can do all that we can more easily spend the money and use ships to give our Africans free passage back to Africa. They were brought over here in the holds of slave ships and were chained, and where they didn't have enough room to stand up. We owe it to them to send them back on ships as good as any white passenger liner we have. Congressmen are always appropriating money for the Corps of Army Engineers to spend money in their own districts. I think the Corps of Army Engineers should be greatly enlarged and that it should be sent to West Africa and that we should make arrangements with all the independent nations of West Africa, and more of them are becoming independent all the time. Last year it was said about 35 million people that will become free this November. Most of them are on the west coast of Africa where most of our Africans came from. I think we should send the Army Corps of Engineers over there and lay out streets, cities, water works, farms and provide the equipment it will take for the erection of power plants and everything else that our Africans will need when they get back over there so that their opportunities over there will then be as good as they are over here. As it is, over here we've watched Africans (unintelligible) being discriminated against by the Jews, and none of us have too much opportunity here as far as that goes. Over there I think they should be given better opportunities than they had over here, because they deserve some compensation for their generations of free slave labor and their low paid labor that they're getting now. Some people accuse me of hating blacks. I have no

b6
b7C
b7D

hatred whatever for black people or anybody else for that matter. The only reason I want to get rid of the Jews is because we need to get rid of them before they get rid of us. Therefore, I propose that our Africans be given a better way of life under better conditions and circumstances with the assistance of the United States Government than they have here. It would be much better than to send our so-called foreign aid money to tote those Jewish radicals all over the world, it would be much better to spend that money over in Africa to give our Africans their own country. They were brought here against their will. There are (unintelligible) of them here who have signed petitions that they want to go home, and I say we should not stand in their way, but we should do right by them and do everything possible to give them a good start over there. The most popular movement among blacks in this country is not the NAACP. I believe the Nigger - uh uh excuse me - what I - the Reverend [redacted] he doesn't get mad about that. He knows that's a common word down south, they call themselves that down there. The Reverend [redacted] here, my African friend, when we correspond with each other we speak very plainly, more plainly than I'm speaking tonight. Hope he says a few words. He probably won't speak as plainly when he gets up as he does when he's writing me. But the African was brought here because the people wanted cheap labor. That desire for cheap labor has deteriorated the African and has also lowered us white people, therefore, white people in this country would not be bothered with the competition of cheap African labor any more if the African were back over in Africa; and if the African were back over in Africa he wouldn't have any white people that would interfere with his progress in his own way. Africans and white people think differently; they're cultured differently; therefore, the only way for them to reach their peak of perfection is among themselves where they don't have Jews and white people interfering with them. Now it would also enable us white people here in America to settle our own culture without outside interference. Senator LANGER has introduced this what's called the LANGER Bill to help them go back. I hope you will write your Senators and Congressmen

b6
b7C
b7D

asking them to support the LANGER Repatriation Bill or Back-To-Africa Bill, whatever you want to call it. That's the only way to get the politicians to do something, and I might also ask that in addition to Senator LANGER, also write Senator RUSSELL LONG of Louisiana to encourage him to support it in addition to your own two Senators, because he was Chairman of a Subcommittee of the Foreign Affairs Committee in the last session of Congress which held hearings on this bill. We can have racial peace through racial separation, and the only thing that stands in our way and keeps us from having it is the Jews. Now like I said a few minutes ago, the NAACP among Africans is not the most popular organization they've ever had, in fact, during the early part of this century there was a great African born in Jamaica in the West Indies named MARCUS GARVEY. He came to the United States and organized what I call a Back-to-Africa movement. He called it Universal African Group Association or some such title. Even writers in the largest African publication in the United States today admit that among the masses and rank and file of Africans in this country MARCUS GARVEY had a larger following than the NAACP has ever had. MARCUS GARVEY organized the Black Star Steamship Lines so as to build up commerce between the United States and Africa. He felt that would help and also make it easier for Africans here to migrate over to Africa. The depression came along and as a result of the depression business got bad and the Black Star Lines failed. There are historians now who admit quite frankly that GARVEY was a very honest man and if any money was stolen from the company it certainly wasn't stolen by GARVEY. But the Jews didn't like GARVEY and GARVEY didn't like the Jews because the Jews didn't like him. They framed that poor innocent African and sent him to the Federal Penitentiary for, I think, about a year. So then the Jews had an excuse so that when he was freed from prison he was deported from the United States because he was not a citizen, but from the West Indies. If it hadn't been for the frame-up of GARVEY I don't doubt but what enough public sentiment would have been felt by now so that instead of us having racial warfare in the United States

that will get much worse - our Africans would be happy in Africa in their own country, in a country that is richer in natural resources than the United States, and we white people here in America would be more prosperous and could more easily unite to free America from the Jews. Now I hate to talk too long, but I've a lot more to say. Some politicians, especially in the south, don't think very deeply. The only difference between most of our politicians and yours is that ours are living down there where the voters are putting pressure on them to do the segregated way, whereas up here there is a little more pressure put on them to do it the other way. Most of our politicians, if they were up here would be doing just as your politicians are doing. There wasn't a single United States Senator from the south who voted against the ratification of the race-mixing United Nations charter. So what we need to do is to force them to support the Back-to-Africa movement by stirring up enough public sentiment for it. Now down in the south, the way they get a lot of our southern Governors and United States Senators to betray us is to tell them, well if you play along with the Jew race-mixers you'll get to be Vice-President. Well in the south, I don't know how many states you want to call southern, some people call southern what I wouldn't call southern, there are about 13 southern states. Well that's 13 governors and each state has two senators. That's about 39 in all. Now if the Jews are going to pay off everyone of them for betraying the white Christian people of the south, we'll have one President of the United States with about 39 Vice-Presidents, because our southern politicians are always quick to stab us in the back when they're promised that if they go along with anything they'll get to be either Vice-President or United States Attorney General or something of the sort. They only have personal ambitions. Some of them have good principles but they place their principles in second, third and fourth place or something like that, so what difference does it make if a man knows the difference between right and wrong and then still chooses to go the wrong way. The Jews in planning

race-mixing in the south know they've got to mix the races in Atlanta, Georgia. In Atlanta they know they've got to mongrelize there, so last October the Jews had one of their own synagogues blown up. They thought that would pave the way for race-mixing in Atlanta's schools next September. As soon as the bombing took place or shortly thereafter, a Jew woman started to have meetings in her home to keep Atlanta schools open even though integrated. Some few men other than her husband joined with her and they got a big campaign underway to integrate Atlanta schools next September. That campaign went strong until GEORGE BRIGHT was acquitted. Since then it cooled off quietly, which is all the more proof that it was a planned affair. There in Atlanta they actually blew up that synagogue. They started arresting a few prominent patriots. They especially arrested some that had been on a picket line before the race-mixing Atlanta newspapers the previous July. Two days before the bombing there was an ad in the paper that if there was any racial violence in Atlanta the patriots on that picket line-picketing because they were lying about NASSER being a Communist when NASSER was against Communism, if there was any racial violence they would be the first to be arrested. That was a couple of days before-hand they set the thing up. Now any of those boys in the picket line-most of them were arrested, and were in Atlanta at the time-after reading that article would have been downright stupid to go out and blow up a Jewish synagogue. So they arrested them. They got search warrants, - illegal search warrants-and used them to search the homes of 30 some-odd patriots in Atlanta and vicinity. To get a search warrant someone has to swear out an affidavit that there is something illegal on the premises and give a reasonable description of it and say it is there. The search warrants called for dynamite or anything connected with dynamite. The search warrants did not turn up one stick of dynamite. Whoever swore out those warrants under Georgia law is guilty of false swearing which is a felony and if he were put in the penitentiary for as long as he deserves for all that false swearing

he would never get out. He is a bigger criminal than most criminals in all penitentiaries in Georgia put together. When they went into Atlanta homes they knew they wouldn't find dynamite so what did they do. They started stealing, especially patriotic literature. Literature like you see on that desk over there, and when you go I suggest that if you haven't looked it over, I suggest you look it over before you leave, because there is some up there worth while, in fact, all of it's good. They stole literature, books, leaflets, anything that had anything to do with patriotic activity. The search warrants didn't call for anything like that. So since they went in and took it with guns on and their badges, against the will of the people that it was taken from, that's what I call robbery which is also a felony. Now those were mainly FBI agents, assisted by the Atlanta detectives. They went in and stole and robbed from patriots. They said that one detective, Detective [redacted] there in Atlanta, at the beginning of the so-called investigation said they were going to investigate everybody with any anti-Semitic ideas. Of course, they weren't trying to make (unintelligible) that patriots there hadn't blown up any synagogue, and it was proved that the bombing was really an excuse to try to put white Christian patriots in Atlanta out of business. A lot of that stuff they haven't given back yet. The FBI not only steals and robs, but like most thieves and robbers, they believe in keeping what they rob people of. I was in Atlanta, Georgia or in Savannah at the time of the bombing. I'd just been there a short time. Since I'm not married I rented a room from a nice elderly Christian lady, a very honest lady who also rented a room out to two girls who worked for the telephone company, bookkeeping department. Well, I sleep late every time I get a chance when I don't have to get up early. So I was sleeping the Monday morning following the bombing of that Atlanta synagogue when I heard some loud knocking on the door. I thought my landlady would answer the door but it seems she wasn't there and there was nobody there but me. So

after they kept knocking I decided to get up and answer the door, and you know if you had a dozen doorbells those secret political police known as the FBI wouldn't use one. They want to give a loud knock to try to scare you. Well, I don't know why they tried to scare me because they've been after me for the past sixteen years and they haven't scared me yet. I went to the door and there were two criminal FBI agents there named BILL R. STEVENSEN (ph) and FLETCHER D. THOMPSON (ph). I say they're criminals. I told them that, so I'm not telling you anything I didn't tell them to their faces. They put out their credentials and I did what I would advise you to do any time the secret political police knock on your door. I took the credentials and copied their names off on some paper, because if you want to sue or prosecute them you can't very well do it unless you know what their names are, and J. EDGAR HOOVER won't tell you if you ask him. I told them to come on in so I could dress and shave. They wanted to know where I was the morning before when that Jewish den of thieves in Atlanta had a little hole blown in its side. They said blown up. It wasn't blown up, just a little hole in the wall. It was very remarkable that the hole provided the very place where they planned to tear down part of the building so they could add an annex onto it. The Jews have been using these fire sales for years so this time they decided they'd use dynamite and not only collect insurance, but thousands of dollars of contributions from all over the country, and put their white Christian enemies out of business at the same time. They asked me where I was then. They asked me where I was a week before when that integrated school in Clinton was bombed. Well, there in Atlanta of course it has never been definitely proved whether it was blown up by dynamite or whether it was a gas explosion or what. But after hearing about the evidence against a (unintelligible) FBI informer in Atlanta, I'm inclined to believe that dynamite was used and that an informer for the FBI, with the assistance of a scar-faced African, did the job. Well, they asked me where I was. Being a lawyer, I know that if you're going to be prosecuted the only place you should put up a defense is in the court room.

Don't be trying to convince the top secret political police, who are trying to do a hatchet job on you, that you're innocent. They don't care whether you are innocent or not. They had orders to get some victims among patriots and that's what they were trying to do. Well, I told them I didn't see any reason why I should tell them where I was. They asked if I would go down to their office with them and I said well, let's get this straight. I'm not under arrest or any strings whatever, is that right. And they said that's right. So we went to get something to eat and went by the office. The idiots asked the same two questions. I told them just like I've told plenty of other people, I told them that if I told them where I was, and who I was with, that they would then intimidate and harrass those people so they would be afraid to testify for me in case I was prosecuted. They said, Oh no, we wouldn't do that. I said well you might not, but some of the others in the FBI or ADL-controlled police force in Atlanta would, and I was polite as long as they were, except I wasn't going to help a bunch of stooges for the Jew-Communists frame myself. Jews may frame me some day, but I'm not going to be a part of the frame-up. I didn't tell them where I was and I still haven't. They went to see that nice old lady where I was staying. She told them that I was there. She said she heard me come in some time after midnight, she didn't know what time. Maybe four o'clock she saw me going from the bathroom to my bedroom. Well, they weren't satisfied with that. They started phoning her night and day, going by to see her night and day, trying to get her to lie against me. That's the great FBI in peace and war, a bunch of frame-up artists. If they could get some private reward from the Jews or promotions, they'd sell their own daughters into white slavery or put their own grandmothers into the penitentiary. Well, my poor old landlady, she's an honest Christian lady, so she wouldn't lie to them.

She stuck to the truth. But the FBI harrassed her so much she had to go to the doctor to be treated and she spoke up to the FBI agent-in-charge, another criminal down there, named CHARLIE BROWN (ph) and so (unintelligible) I guess they left her alone soon after I left. Wednesday night following the bombing, the JewBI came by there, while I was gone and the landlady was gone, and talked to the two telephone girls there. They're two nice honest ladies. They were asking them all kinds of questions about me. Well, they didn't know too much about me. I'd only been there a short time and only stayed there long enough to sleep anyhow. The telephone girls have got a phone in their room so they scared them half to death that Wednesday night while they were there, illegally searched my room, and then every day they called them up at their work and told the switchboard operator this is the FBI - we want to talk to Miss so and so or the other girl. Well, after that it got out all over the telephone office, embarrassed the poor young girls and then at night they'd call up, question them. They'd ask the young ladies, those two nice young ladies, to spy on me. Now you've heard about the secret police over in Russia getting people in your own home to spy on you. Well, they could take some lessons from the FBI. They asked those people to spy on me, but being respectable citizens, they refused. Most FBI men that I've known anything about were the lowest form of humanity. Many of them were insane. Like that FBI informer in Atlanta, got three children in the insane asylum. When a man has three insane children it's fair to presume there's something wrong with his mind. So they worried one of those girls so bad she had to go to a doctor, too. The doctor had to give her some shots for her nerves. Now that's the kind of racket the FBIs used to try to get somebody to lie against me. Well, I just decided that since the center of activity was back up in Atlanta I'd better go back to Atlanta. So another fellow and I drove back to Atlanta one Sunday.

While there in Savannah before I left, the FBI started following me around. While I slept at night they guarded all entrances. Every time I went into a building anywhere they surrounded it. They followed so numerously, so closely that it was obvious to everybody that I was being followed. One time I was going to go from one part of town to another. I wanted to go where I was staying, so I noticed one of their cars backed up against the building, so I went over and wrote down the license plate (unintelligible) anyhow. The government was wasting the money (unintelligible) of some of the tax-payers' money. So I went home and went in my house. I forget what I did, had to talk to the landlady or something. Then I was hungry. You know I get pretty hungry sometimes. So I came back out of the house and there was two agents in the one car watching the back, and the alley, like a couple of alleyrats. So there was just one car across the street and there was one agent (unintelligible) to Morrison (ph) Cafeteria to eat supper (unintelligible). When they came around the front they both stopped and (unintelligible) they knew (unintelligible). Well, I'd been followed around Savannah there for several days and several times I gave the agents the slip on foot, and several times I gave them a slip in the car and they're not too hard to get away from. So one Sunday morning I started up to Atlanta with another fellow, two FBI cars right behind us, and one time I drove off the main road on a dirt road and I decided to turn around. I wanted to get their license numbers, as was my custom, so when they saw that we were turning around they started to turn around, backed into a ditch to turn around. The first car we got to both men in it

bent completely over to hide their criminal cowardly faces. Before they hid their faces I recognized the face of FBI agent BILL R. STEVENSEN. So I know it was the FBI followed me from Savannah up to Stone Mountain there in Atlanta. We got up near Stone Mountain and those two cars turned back and three cars from Atlanta started to follow me, and they were soon joined by two more, and I thought I had an idea what JOHN DILLINGER felt like. I wish I could have had his machine gun for a few minutes, used it, and not have to take the consequences. So the lawyer who defended the five fellows in Atlanta met us up there at Stone Mountain, and so we hemmed up one of the FBI cars in a driveway. Otherwise they would try to pull away from us. Well, they refused to or they wouldn't produce their credentials or any kind of a warrant so I went over to the hotel there and spent the night. When I went to the hotel to spend the night the FBI surrounded the place. Nine men. When I got up the next morning they were still out there. I wished they'd all caught pneumonia. They worked in two shifts, that's nine men to a shift, that's 18 men a day, plus the cost of their automobiles. The government spent a fortune just on having me followed. I was hungry so I walked across the road and up this hill a little ways to a nice restaurant and went in there to get something to eat. Two FBI agents followed right in behind me. Some other pulled up in the cars outside and took binoculars and spy glasses and looked in the window. Well, they weren't investigating me, they weren't trying to catch me associating with any dynamiters or anybody else illegal, because with nine FBI agents following you with about five automobiles, why you're not going to violate any laws right in front of them. The whole purpose of it was intimidation, harrassment and persecution. They were violating the law, there is a federal law against the abuse of police powers that way. So, I charge that they were the ones who violated the law and every day constitutes a separate offence, according to the law.

So they are among the biggest criminals I've ever run across, and they're out running around loose with FBI credentials in their pockets. Well, the FBI finally made it so hot for me I couldn't sleep anywhere and couldn't eat anywhere because you know how the proprietor of a hotel or motel must feel when his place is surrounded on account of a certain guest who is staying with him. There where I was eating while at Stone Mountain, at that particular restaurant, the proprietor told me that people around there thought that he was selling illegal whiskey, to see so many police cars around the place. So even though it hurt his business some he still made me welcome. All his waitresses were very polite and sweet to me. The FBI didn't like that because the waitresses were nice to me, they started following them home at night bumper to bumper. They asked them to spy on me and pumped them for information, which they all refused to do, and asked one of them how would you like for us to knock on your door some night, and she said you knock on my door some night and my husband will shoot you. They also asked her about her little six-year-old child sick from school. She has three children home sick. So they tried to give people sympathy (ph) to make them think the children were going to be blown up in school. Some Jew might blow up a child in school, but I wouldn't blow up any child in school or be a part of such and the FBI knows that. Well, they said to her how would you like for your child to be blown up in school, and she said well I would rather have my child be blown up than have to go to school where the races were mixed, or words to that effect. And so they didn't get anywhere so they persecuted the waitress. While I was there The Reverend [redacted] (ph) of South Carolina came by and said he was going to Palm Beach, Florida to speak and I could go along with him. I got in his car. We took off for Florida. Three cars started with us, and after we got out on the highway one car turned back, and we were driving along and he had something in his shirt pocket he wanted to read off to me.

b6

So he reached in his shirt pocket and pulled it out and held it up to read it and when he did, the FBI car behind us was so close they could see what he was doing. So that FBI mangy dog, turned up his bright lights so that he could read it. So then, after [] finished reading it and stuck it in his pocket the FBI agent turned on his dim lights again. Now that's how close they were following us. We went on down to Poulson (ph), Georgia and spent the night, and got up and the FBI car was there, Jacksonville, Florida, were the license plates on it. There in Jacksonville we had five cars following us, and we had a start for them as we gave them the slip and don't ever let anybody ever tell you you can't get away from the FBI, because I slipped them several times. But they knew that Reverend [] was going to speak at West Palm Beach, Florida, because it had been published in the big newspaper down there, so they picked up our trail again down there and they followed us all the way up the east coast of Florida, across all of Georgia and from there to South Carolina near the North Carolina border. I was a guest of Reverend [] there for several days and while I was there some of the boys around there were actually getting in their cars and trucks so they could see if they could get away from the FBI. I'd get in with them and we'd take off and we'd leave them. I had a reason to want to go to Columbus, Georgia so Reverend [] drove down over there. The FBI agents followed us in relays. We went over to King City (ph), Alabama and then back into Georgia, pulled into a motel. Our rear bumper almost got hit by the FBI car because it was so close behind us. We got a room there, the FBI rented a room up above us, as it was a double-decker motel. The next morning when we started out the FBI car followed us so close the people who ran the motel stared at us with big eyes and thought they were seeing JOHN DILLINGER leave their place. There in Columbus those low life, sneaky, mangy FBI fellas, and that's the nicest thing I've ever said to their

b6

faces, followed me around just a few feet away on the sidewalk and any time I was in a car, bumper to bumper. I walked along the sidewalk there with an FBI car going along parallel, as slow as I was walking and when I stopped they would stop until a traffic jam forced them to move. I insulted them every day because they provoked me and asked for it. I also saluted them every day because I believe in giving everybody their due respect and I'd salute them like this (laughter). Sometimes they followed so closely that I'd turn around and I'd tell the people on the street, I'd say do you want to know what a bunch of little old sneaky-eyed mangy FBI agents look like. There's some. Look at them. I'd say they're just a bunch of stumble bums, too lazy to work for an honest living. Well, while all that was going on, the FBI in Atlanta went to see L.B. (unintelligible) a friend of EMORY BURKE's (ph) a retired (unintelligible), retired from a government job. They threatened - they told him they wanted him to testify against EMORY BURKE. They told him that if he didn't he would lose his pension. They also told him the FBI agent's name was ROBDE (sp), who looked like a Jew they tell me.- he told him he'd see to it that he got every bit of a reward if he testified against EMORY BURKE. Well, TY (ph) wasn't willing to do it so, that same FBI agent [] went down to BURKE and told him he'd see he got every cent of a reward if he'd testify against me. And like I say that's the FBI story in case you want to know the

b6
b7C
b7D

real story about the FBI. EMORY BURKE refused to lie against me though. I don't like the FBI. In Little Rock down there they tapped the phone of Governor FAUBUS. But when he charged that, why they naturally denied that. They kidnapped several high school girls there without their parents' consent and held them incommunicado while they questioned them by the hour. When Governor FAUBUS charged that, J. EDGAR HOOVER lied and said they hadn't done it. The girls, themselves, they issued statements saying that they did do it. Down in Arkansas (unintelligible) elected for congress the FBI is sent down there to try to dig up evidence to get him unseated. Down in Jacksonville since GEORGE BRIGHT (unintelligible) for the synagogue bombing they went down there and tried to frame a fellow named FOSTER (ph). He had a job where he had ample opportunity to travel. So they said that makes you a suspect in bombings anyhow. So, I hope you people here don't have too much ample opportunity to travel. Now most of you here know there was little infiltration by Communists in the United States Government before 1933 and in 1933 a wholesale infiltration of the United States Government got underway. Well, J. EDGAR HOOVER was head of the FBI back then too. If he was not satisfactory to BERNIE BARUCH and FELIX FRANKFURTER and HENRY MORGANTHAL, Jr., and HERBERT LEHMAN, they could very easily have replaced him because at that time most people hadn't even heard of J. EDGAR HOOVER or the FBI. Soon after 1933, the newspapers which are Jew controlled, Jew controlled Hollywood, Jew controlled (unintelligible) started giving a big build-up to J. EDGAR HOOVER and the FBI. As a result Congress has appropriated them more and more money every year and gave them more and more power. They say that the FBI has done a lot against the Communists, but I don't know of a thing they have done to hurt Communism. They've been persecuting us opponents of Communism for a long time. They let Jew-Communist spies like the ROSENBERGS and HARRY GOLD steal all our atomic bomb secrets and every other military secret we had, and I can't see why we should think J. EDGAR HOOVER and the FBI are so wonderful after they've let all the secrets be stolen.

Now if you owned some cattle, and you had a caretaker and the caretaker was negligent, and all of the cattle were stolen, and because of the fact your head foreman was a friend of the local newspaper editor, and the newspaper editor praised him as being a great foreman and a good guard of your cattle, and you keep the foreman on in spite of his record in letting all your cattle be stolen, it's something similar with J. EDGAR HOOVER. He has failed. He has not protected our secrets. Now lately that's because of orders from up higher. Of course, I know that his superiors want the Communists to have the military secrets, but at least, how can he claim to be a hero in the fight against the Jews when he has let Communist spies steal all our military secrets and give them to the Russians. In fact, the way it is now any time the United States plans to spend millions of dollars on military research the Russians have the blueprints for our new military secrets before we can manufacture them ourselves. There is no security in the United States as far as military secrets is concerned. Most of the Communist spies that have been caught have been caught because a few gentiles among them turned against them and turned them in. It wasn't on account of any ability of the FBI. One might say that's all true, but you've got to admit that the FBI prosecuted the top Communist leaders in the country. But I say that BERNIE BARUCH, SIDNEY WEINBERG (ph) and others could easily tell the FBI to prosecute the top Communist leaders in the United States when they knew all along that their hand-picked Supreme Court would turn everyone of them loose. Communism, as I said before, is only a Jewish method to conquer the world. It was started by help of Jews. One of the most important members of it was KARL MARX, who was descended from a Rabbinical (ph) family through both his father and mother, according to the Universal Jewish Encyclopedia. And in there they say that the only reason he ever professed to be a Christian was because, like most other Jews in Germany at that time who professed to be Christians, they had to if they wanted to go to a university. Universities in Germany at that time only admitted Christians. You either had to get to be Lutheran or Catholic. So to get an

education he had a temporary profession of Christianity. I've always figured he was a Rabbi, himself, since he came from a true Rabbinical family. Rabbis don't have to have congregations like you generally expect of a Christian preacher. MARX, that Jew, was assisted by other Jews such as FERDINAND LA SALLE (ph), the Moslem Jew. He supported KARL MARX. LA SALLE had his LA SALLE (unintelligible) which sparked the revolutions in Europe of 1848. As a result of those revolutions of LA SALLE, those at the head of it and some of the other Jew leaders were sentenced to death, but due to the influence of the International Jew-bindery (ph) they managed to escape. Another principal co-worker of KARL MARX was (unintelligible) HESS (ph), raised by his Rabbi grandfather. That also is according to the Universal Jewish Encyclopedia. I don't want to be mentioning the Universal Jewish Encyclopedia so much, but when the enemy admits something out of their own mouth, that's about the best evidence you can use against them. As a result of the failure of the revolutions of 1848, the Jews started pushing the gentiles to the front more so, and operated more behind the scenes. Then in 1905, the Jew-Communists attempted to overthrow the white Christian government of the Czars of Russia, but failed. As a result of that failure SIDNEY GILMAN (ph) and a bunch of other Communist Jews had to flee from the United States. As a result of World War I, the white Christians in Russia lost some of their best manhood and she was financially and economically ruined and ripe for revolution. Furthermore, there were more Jews living in Russia at that time than in the rest of the world combined. Most of them are now in the United States unfortunately. DAVID (unintelligible) of international Jew banking company of (unintelligible) in New York City bragged about financing the Communist revolution in Russia. He paid the way for TROTSKY and a bunch of other Jews in New York City to go over to Russia and take over the country. When the government was established over there it was a Jewish government. (Unintelligible) had a Jewish wife. Of course, the Jews not only attempted a revolution in Russia. For a while they had a Communist government in Hungary (unintelligible). It was overthrown by the white Christians of Hungary and (unintelligible) had to

flee the country and went to Austria and into Russia where he was made Commissar of Crimea, where he had a reputation of being very cruel toward the white Christians that had been subjected to Communism there. In Germany in the State of Bavaria, some Jews, two of them named LEVINE (ph) even though they spelled their names a little differently, and CURT EISNER (ph), temporarily set up a Communist government in Bavaria which was soon overthrown. ROSA LUXENBERG (ph) and KARL EDNICK (ph) and some other Jews were in Berlin, and they thought they'd establish a Communist government over all of Germany. They failed and ROSA LUXENBERG (ph) got killed in the process. She didn't even temporarily establish a Communist government in Germany, but she certainly tried. Then before I continue there is something I'm embarrassed a little to bring up. You know we took up a collection when you came in the door to take care of the hall rent and advertising fees. Now I'm travelling about the country speaking at many places, and all that I'm getting paid anywhere is my travelling expenses. So as I continue, if you like Sir, you can take up a collection to take care of my travelling expenses. Like I say I'm not speaking for profit but I've neglected making money while I'm out travelling around the country and I am taking a financial loss which I don't mind at all, but I don't have a way to have my travelling expense taken care of. Then after World War II when Russia establish Communist governments in Eastern Europe they were all headed by Jews. In Hungary (unintelligible) they had a Jew by the name of (unintelligible) or however you pronounce his name and a man by the name of ROSENCRANZ (ph). Even the American Legion magazine recently, or about a year ago, had an article about RICKOSY (ph), or RACKOSY, or however you pronounce his name, and they were telling about what was found in his home whenever Hungarian rebels temporarily had control in Budapest. Now this is from the American Legion magazine. They don't like to say anything unfavorable about the Jews. They found portraits of beautiful young girls in his basement that had been tortured to death apparently by RICKOSY (ph) who was obviously sadistic. And while this was going on they poured lye on those bodies and had the police - the bodies were still there, and also evidence of how they had been tortured. Now RICKOSY's got a front man running for him, but he still controls the situation.

In the United States, they also have talked about the Communist Party being headed by EARL BROWDER and WILLIAM Z. FOSTER. Well, when the United States Congress was investigating Communists a few years ago, and they investigated GERHARDT EISLER the German Jew, they found out by their investigation that the real head of the Communist Party of the United States was not WILLIAM Z. FOSTER or EARL BROWDER, that it was GERHARDT EISLER. He was convicted on one count of (unintelligible) charge and he was under subpoena to testify before another congressional committee; however, while under subpoena he got on a Communist ship that was in New York and went over to East Germany to live with one of his Jewish sisters, HILDA BENCHLER (ph) and run East Germany and, of course, like I mentioned before, you know about the fact that all of our Communist spies today are Jews. Now about October of 1957 there was an article in B'Nai B'Rith (unintelligible) Journal, a Jewish weekly tabloid published in Los Angeles, about NIKITA KHRUSHCHEV. They were telling about, of course, they had a (unintelligible) but then they went on to give his family background. They said he was a young (unintelligible) mate in (unintelligible) in the Ukraine, part of Russia by conquest. They didn't like to live under the Czars and wouldn't like to live under the Communists either. And while he was there he boarded in a home of a Jewish woman by the name of CHANA JANKELAVITCH (ph) who now lives in Israel. They said while he was there he performed the duties of (unintelligible), and the main thing he did was work on the Jewish Sabbath (unintelligible) the town which he was forbidden to do. They said that on two different occasions he got so sick he was about to die. The Jewish woman nursed him back to health. He talks about eating gefilte fish which is a big hit food with the Jews and other such things as that. They say he learned to speak Yiddish, the Jewish language, which it is also said, he still commands superbly. There was, as a matter of fact, in those days of the Christian Czars, the Black 100, which was an anti-Jewish organization in Russia which was getting ready to cause the Jews in (unintelligible) some trouble. So KHRUSHCHEV got some of his young friends, that is, his young Communists, and had to disburse members of the Black 100 before they could do any damage to the Jewish community. It was called the

Jewish Community of Modern Hope and they feel deeply grateful to NIKITA KHRUSHCHEV. So NIKITA KHRUSHCHEV got his education in a Jewish home. Down the street was a girl (unintelligible) GANOVICH (ph), his first love who he wanted to marry. Now anyone crazy enough to marry a Jew girl wouldn't let a little thing like circumcision stop him. It's now claimed that you don't have to be circumcised to become a Jew. Therefore, it's reasonable to assume that KHRUSHCHEV would become a convert to Judaism. The girl he wanted to marry had a sister who was JOE STALIN's third wife. KHRUSHCHEV, approximately one and a half years ago, stated in the Polish Embassy, that not only he, but SHEPILOV and members of the Presidium, the ruling group, had Jewish wives. So that, uh infamous ELEANOR ROOSEVELT went over to see KHRUSHCHEV about that time and KHRUSHCHEV told her he had a son that was killed in World War I that had a Jewish wife. Look Magazine about a year ago reported that KHRUSHCHEV had a surviving son, SURGI (ph), who had a Jewish wife and that his son had a son by his Jewish wife. Therefore, KHRUSHCHEV, this convert to Judaism, had a Jewish wife (unintelligible) both his sons married Jewish girls (unintelligible). He had a Jewish grandson or half Jewish grandson or 3/4 Jewish grandson or whatever you want to call it. Now they used to say that one reason STALIN didn't like the Jews was that he got so mad at his wife that he liked to take it out on the Jews. Well if KHRUSHCHEV is getting mad (unintelligible) he may be getting so mad at his Jewish wife that he's taking it out on the Jews, but he didn't think he will take it out on his wife's Jewish children and his Jewish grandchildren. So Communism in my belief is Jewish in all its phases. Of course, anybody can (unintelligible) themselves sometimes. You know the Jews are so close to ruling the whole world that they think they can now afford to have some Jews run themselves. Besides, whether the Jews are in Moscow, New York or Tel Aviv, they'd like to rule the whole world. I mentioned that episode about KHRUSHCHEV to you because I remember reading back in 1938 an article that said that (unintelligible) GONAVICH (ph) was about to give it up and had the skids under him and would soon be out of power. After that, he was promoted and his sister married JOSEPH STALIN. It is

necessary for the Jews to conceal the fact that Communism is Jewish because if the people of the world ever fully realize that Communism is Jewish, all the gentile supporters of it would turn against it which would do much to invite its downfall. The people of the world would drive the Jews out. Therefore, the Jews can't be expected to publish it on the front pages of every daily newspaper that Communism is Jewish. You have to look at the Jews' newspapers to see through a lot of their double talk. Now if we're ever going to break Jewish power in the United States so that we won't have to worry about what they're doing to us with Communism or race-mixing or United Nations, we got to first of all take their power away from them and Jewish power is their money. The Jews are conquerors of the world of money and they use that money to finance Communism in all their internationalist organizations such as to support the UN and NATO, etc. The Jews didn't get what money they have honestly. The way they get it is by selling shoddy merchandise to the Government, like BERNARD GOLDFINE. Then when they get caught they use their influence to keep from being prosecuted. After Senator MC CLELLAN replaced the great Senator MC CARTHY as chairman of the Senate Government Operations Committee, he started an investigation of war contracts, but it started turning out that everyone who had swindled the Government out of money during the war by selling their merchandise which was inferior, while getting top price for it, was a Jew. So that investigation was quickly dropped. Now I guess most of you have heard of Pabst Beer. That's another example of how the Jews get control of more wealth. The PABST family is a gentile family, apparently Christians. Well they were sleeping (unintelligible) they owned a lot of stock in their own company, but a lot of it was sold to the public. The Jew that owns Schenleys, Schenleys Whiskey Distillery and Blatz Beer bought a lot of Pabst stock. Then he got proxies from some of the other stockholders and with those proxies surprised the PABST family at a stockholders meeting and elected his own board of directors. Then he proceeded to merge Pabst Brewing Company with his own Blatz Brewing Company which he has done

Now being that the PABST family owns a smaller percentage of the joint corporation, which makes it impossible to regain control of it unless the Jews just happen to decide to give it back to them. Therefore, the thing to do, which is hard, is to get Congress to confiscate all ill-gotten Jewish wealth and to split it equitably among the American people. Then the Jews won't have any power and they could then be legally expelled, and we can solve most of our other problems. Since this meeting is going so long I'll wind it up and come back another time. Next I'd like to call on the Reverend DAVIS to say a few words about repatriation.

Reverend

: It is written in the book by Jesus that if your right eye offends you, pluck it out; if your right arm offends you, cut it off. The Negro in America has become quite an offense to the white people. The Negro in America has been the white people's right eye and right arm. The Negro in America, a good portion of them, ask that you pluck out this offensive member of the American body and send them home. Will you do that by using your efforts to get the Langer (ph) Bill passed, so we can go home and cease being an offense to a public (?) American people? will you do that, please?

b6
b7C
b7D

Mr. J. B.
STONER

: We thank the Reverend [] and I think most of us here will do all we can to help him in his life's work to help his people to return to their African motherland. The Jews are powerful in America, but if we white Christian Americans stand firmly together we can stop them. It's been demonstrated time and time again that if we'll just wake up we can stop the whole Jew conspiracy. So let me leave you with these few words tonight. Don't surrender - and become more active, and let's let the Jew Communists who represent us in this country know that they can't run over us and our answer to their demands to surrender to a world Government and everything involved in and everything else like that is never. I am done.

UNIDENTIFIED
WOMAN

: Don't forget to look at the books on the table
before you go folks. Thank you for coming.

Mr. J. B.
STONER

: Everyone's attention please - if you want to help
with the new third party movement so you won't
have to vote for the Democratic or Republican
nominees in 1960, write to the National States
Rights Party. Most of you have the address.
That's Jeffersonville, Indiana.

RACIAL MATTERS

On May 6, 1959, a confidential source advised that on that date at 8:30 p.m., the National States Rights Party held a rally at the Atlantic Hotel, 316 South Clark Street, Chicago, Illinois, under the name of the American Flag Committee. The source stated that approximately 100 to 125 individuals were in attendance at this rally, who paid a registration fee of \$1.00, which was requested of each person present.

The source stated that J. B. Stoner, an attorney from Atlanta, Georgia, was the principle speaker of the evening and spoke for a period of approximately two and one-half hours. Source advised the subject matter of Stoner's talk consisted generally of defamation of the Jewish race, repatriation of the Negro to Africa and vilification of the Federal Bureau of Investigation.

According to [redacted] Anti-Defamation League, B'nai B'rith, 343 South Dearborn Street, Chicago, Illinois, a number of those present represented the *We The* Mother's Organization as well as the Prairie State Health Federation, a fluoridation group of Chicago, Illinois. [redacted] stated that in his opinion, the name utilized sic, the American Flag Committee did not employ any connection with the American Flag Committee located in Philadelphia, Pennsylvania.

According to [redacted] attendance at this meeting was by invitation only. He stated that he had determined that invitations were sent from Hinsdale, Illinois, from Louisville, Kentucky, and from Chicago, Illinois. The former invitations were undoubtedly sent by F. Allen Mann, a well known anti-Semitist of Hinsdale, Illinois, and the latter by *we the* the Mother's Organization.

Above mentioned source advised that Stoner immediately upon being introduced at this rally spoke concerning the Jewish race. According to the source, Stoner stated that contrary to what some people say, the Jews are not God's chosen people. Rather, they are spoken of in several passages of the Bible as children of the devil. Stoner said that in the so-called Genocide Convention passed by the United Nations the Bible is outlawed because it is anti-Jewish and the United States is a party to this by having signed it. The United Nations was created by the Jews and their agents and is designed to take away America's independence. He said the United Nations does not as yet have the power to put into force the power it has on paper, but once it does, America's independence will be completely destroyed. We must, Stone said, preserve our national sovereignty by withdrawing from all foreign alliances and treaties and the United Nations. Stoner spoke of what he called the "international Jew-Communist conspiracy", which controls the world government. Several years ago Senator McCarron found out that scores of Americans working for the United Nations were Communists and the majority were Jews. To allow the United Nations to continue means death for Christianity, Stoner said, for the white race and America. According to Stoner, the source continued, the Jews are out to conquer the world and Communism is merely one of their methods; the United Nations is another and racial mongrelization another. The Mongrel race is unstable and its civilization and government cannot last. During the time of the Roman Empire, he said, the Jews were the principle slave dealers as they were during the peak of the United States' slave trade in the 18th Century. Stoner related how Jews owned the ships and the markets and in this way have been working for the mixing of whites and Africans for centuries in an effort to destroy both. Jews are mainly responsible for all the United States' racial troubles today.

Source stated that Stoner remarked how the Africans in the South are victims of a Jewish conspiracy. Jews, through the Rothschilds, started the Civil War, and Jewish money financed both the North and the South. Jews organized the National Association for Advancement of Colored People and have controlled it since. Several years ago, he said, a Jew in the National Association for Advancement of Colored People started suits, seeking to get a Supreme Court decision against racial segregation. As a result, Stoner added, the "Jew-stacked" court handed down its "treasonous Communistic" school integration decision in May, 1954. Stoner said he believes in indicting the Jews for all this country's racial troubles. In Abraham Lincoln's Emancipation Proclamation he advocated that the Africans, upon being freed, should be given a country of their own and that there should be a separation of the races. Other great statesmen, according to Stoner, have also advocated that the Africans be allowed to return to their homeland. Source said that he told how Senator William Langer of North Dakota has introduced such a bill, which is a good bill. He said the United States should acquire land in Africa, send the Army Corps of Engineers over to build cities, waterworks and other public facilities, and provide free transportation to the Negroes so they can have opportunities they do not have here where they are discriminated against by the Jews.

According to the source, Stoner urged all present to write to their congressmen to support the Langer Bill, for, according to him, the United States can have racial peace through racial separation, and the only thing that keeps this country from having it is the Jews. He said that in Africa, the Negroes would not have any white people interfering in their progress in their own way, and the whites here in America would be more prosperous and could more easily unite to free America from the Jews. In planning "race-mixing", Stoner said, in the South, the Jews knew they had to mongrelize in Atlanta, and source said that Stoner claimed that last October the Jews had one of their own synagogues blown up to pave the way for integrating Atlanta's schools. According to Stoner, source said, the campaign went strong until one of the defendants was acquitted.

Source said that Stoner explained the investigation of that bombing and how prominent "patriots" were arrested and subjected to illegal searches, and property relating to patriotic activity was stolen. Stoner blamed such things on Federal Bureau of Investigation agents, whom he called "the secret police", and whom he said had orders to get victims among "patriots". Stoner said the Federal Bureau of Investigation harassed people there day and night. He said the Federal Bureau of Investigation is controlled by the Anti-Defamation League for the Jew-Communists. Source said Stoner called the Federal Bureau of Investigation the "JewBI", and said they are a bunch of frame-up artists. He claimed it was never proven how the Atlanta synagogue was blown up, and Stoner said he believed that dynamite was used, and that the Federal Bureau of Investigation informer and a person he called a "scar-faced African" did the job.

Stoner continued, source said, by saying that in 1933 a wholesale infiltration of the United States Government got underway and J. Edgar Hoover was head of the Federal Bureau of Investigation then too. He said if Hoover was not satisfactory to the Jews high in the government, they could have replaced him then because most people had not even heard of him or the Federal Bureau of Investigation. Soon after 1933, Stoner said, the newspapers, which he said were controlled by Jews, and Hollywood, who he said was also controlled by Jews, started giving Hoover a big buildup. The Federal Bureau of Investigation has not done anything to hurt Communism, and, according to Stoner, they let "Jew-Communist spies" like the Rosenbergs and Harry Gold steal all the United States atom bomb secrets, and there is no security of military secrets. Stoner ridiculed those who say the Federal Bureau of Investigation prosecuted the top Communist leaders in the country, source said, and he claimed Baruch, Weinberg and others could easily tell the Federal Bureau of Investigation to do this when they knew the Supreme Court, which Stoner said was "hand picked", would free them all. Communism is only a Jewish method to conquer the world, according to Stoner, who said it was started with the help of the Jews, notably Karl Marx. Source said Stoner spoke of our international Jew banking company in New York City, which bragged about

financing the Communist revolution in Russia. He said that when that government was established, it was a Jewish government. Stoner said that after World War II, when Russia established Communist governments in Eastern Europe, they were all headed by Jews.

Stoner said that when Congress investigated Communists a few years ago, they found that the real head of the Communist Party in the United States was the German Jew Gerhardt Eisler, and he got away so he could run East Germany. He remarked that all of our Communist spies today are Jews, and that Joseph Stalin's third wife was a Jew. Also Stoner said, Khrushchev is a convert to Judaism, and both his sons married Jewish girls. Stoner explained that approximately one and one-half years ago Khrushchev stated that not only Khrushchev but Shchepilov and members of the Presidium had Jewish wives. Source stated Stoner insisted in his remarks that Communism is Jewish in all its phases, and that Jewish power is their money, which they get by selling shoddy merchandise.

Source said that Stoner summarized his remarks by saying that if the United States is ever going to break Jewish power so its citizens will not have to worry what the Jews are doing with Communism, "race mixing" or in the United Nations, the thing to do is to get Congress to confiscate all ill-gotten Jewish wealth and split it among the American people. He added that then the Jews will not have any power and they could be legally expelled, and the United States could solve all its other problems.

Source stated that present in the audience at this rally were approximately 15 Negroes, including [redacted] a Negro minister in Chicago, Illinois. He stated [redacted] gave a short talk following the address of Mr. Stoner, asking support of those present in the movement for repatriation of the Negro to Africa.

DETAILS:

Rally of National States Rights Party (NSRP)

Confidential informant CG T-1 advised on April 28, 1959, that J. B. STONER arrived in Detroit, Michigan, on April 24, 1959, and departed from Chicago on April 27, 1959, to fulfill a speaking engagement in Chicago before a large gathering. The date of this meeting, its location and identity of organization concerned were not available to CG T-1.

On April 30, 1959, Mr. [REDACTED] Anti-Defamation League, B'NAI B'RITH, 343 South Dearborn Street, Chicago, Illinois, advised that according to information then available to him, a meeting of the NSRP featuring J. B. STONER, an attorney from Atlanta, Georgia, would be held at the Atlantic Hotel, 316 South Clark Street, Chicago, on May 6, 1959.

On May 6, 1959, [REDACTED] advised that on that date at 8:30 p.m., the NSRP held a rally at the Atlantic Hotel, 316 South Clark Street, Chicago, Illinois, under the name of the American Flag Committee. Mr. [REDACTED] stated that approximately 100 to 125 individuals were in attendance at this rally, who paid a registration fee of \$1.00, which was requested of each person present.

On May 6, 1959, CG T-2 stated that at the above NSRP rally on that date, J. B. STONER, an attorney from Atlanta, Georgia, was the principal speaker of the evening and spoke for a period of approximately two and one-half hours. Source advised the subject matter of STONER's talk consisted generally of defamation of the Jewish race, repatriation of the Negro to Africa and vilification of the FBI.

CG 105-4630

CG T-2 advised that STONER immediately upon being introduced at this rally, spoke concerning the Jewish race. According to the source, STONER stated that contrary to what some people say, the Jews are not God's chosen people. Rather, they are spoken of in several passages of the Bible as children of the devil. STONER said that in the so-called Genocide Convention passed by the United Nations the Bible is outlawed because it is anti-Jewish and the United States is a party to this by having signed it.

The United Nations was created by the Jews and their agents and is designed to take away America's independence. He said the United Nations does not as yet have the power to put into force the power it has on paper, but once it does, America's independence will be completely destroyed. We must, STONER said, preserve our national sovereignty by withdrawing from all foreign alliances and treaties and the United Nations.

STONER spoke of what he called the "international Jew-Communist conspiracy", which controls the world government. Several years ago Senator MC CARRON found out that scores of Americans working for the United Nations were Communists and the majority were Jews. To allow the United Nations to continue means death for Christianity, STONER said, for the white race and America.

According to STONER, the source continued, the Jews are out to conquer the world and Communism is merely one of their methods; the United Nations is another and racial mongrelization another. The Mongrel race is unstable and its civilization and government cannot last.

During the time of the Roman Empire, he said, the Jews were the principal slave dealers as they were during the peak of the United States' slave

CG 105-4630

trade in the 18th Century. STONER related how Jews owned the ships and the markets and in this way have been working for the mixing of whites and Africans for centuries in an effort to destroy both. Jews are mainly responsible for all the United States' racial troubles today.

CG T-2 stated that STONER remarked how the Africans in the South are victims of a Jewish conspiracy. Jews, through the ROTHCHILDS, started the Civil War, and Jewish money financed both the North and the South. Jews organized the National Association for Advancement of Colored People (NAACP) and have controlled it since. Several years ago, he said, a Jew in the NAACP started suits, seeking to get a Supreme Court decision against racial segregation. As a result, STONER added, the "Jew-stacked" court handed down its "treasonous Communistic" school integration decision in May, 1954.

STONER said he believes in indicting the Jews for all this country's racial troubles. In ABRAHAM LINCOLN's Emancipation Proclamation he advocated that the Africans, upon being freed, should be given a country of their own, and that there should be a separation of the races. Other great statesmen, according to STONER, have also advocated that the Africans be allowed to return to their homeland.

Source stated that he told how Senator WILLIAM LANGER, of North Dakota, has introduced such a bill, which is a good bill. He said the United States should acquire land in Africa, send the Army Corps of Engineers over to build cities, waterworks and other public facilities, and provide free transportation to the Negroes so they can have opportunities they do not have here where they are discriminated against by the Jews.

According to CG T-2, STONER urged all present to write to their congressmen to support the Langer Bill, for, according to him, the United

CG 105-4630

States can have racial peace through racial separation, and the only thing that keeps this country from having it is the Jews. He said that in Africa, the Negroes would not have any white people interfering in their progress in their own way, and the whites here in America would be more prosperous and could more easily unite to free America from the Jews.

In planning "race-mixing", STONER said, in the South, the Jews knew they had to mongrelize in Atlanta, and source said that STONER claimed that last October the Jews had one of their own synagogues blown up to pave the way for integrating Atlanta's schools. According to STONER, source said, the campaign went strong until one of the defendants was acquitted.

CG T-2 said that STONER explained the investigation of that bombing and how prominent "patriots" were arrested and subjected to illegal searches, and property relating to patriotic activity was stolen. STONER blamed such things on FBI Agents, whom he called "the secret police", and whom he said had orders to get victims among "patriots". STONER said the FBI harrassed people there day and night. He said the FBI is controlled by the Anti-Defamation League for the Jew-Communists. CG T-2 said STONER called the FBI the "JewBI", and said they are a bunch of frame-up artists. He claimed it was never proven how the Atlanta synagogue was blown up, and STONER said he believed that dynamite was used, and that the FBI informer and a person he called a "scar-faced African" did the job.

STONER continued, source said, by saying that in 1933 a wholesale infiltration of the United States Government got underway and J. EDGAR HOOVER was head of the FBI then, too. He said if HOOVER was not satisfactory to the Jews high in the government, they could have replaced him then because most people had not even heard of him or of the FBI.

CG 105-4630

Soon after 1933, STONER said, the newspapers, which he said were controlled by Jews, and Hollywood, who he said was also controlled by Jews, started giving HOOVER a big buildup. The FBI has not done anything to hurt Communism, and, according to STONER, they let "Jew-Communist spies" like the ROSENBERGs and HARRY GOLD steal all the United States atom bomb secrets, and there is no security of military secrets. STONER ridiculed those who say the FBI prosecuted the top Communist leaders in the country, source said, and he claimed BARUCH, WEINBERG and others could easily tell the FBI to do this when they knew the Supreme Court, which STONER said was "hand picked", would free them all. Communism is only a Jewish method to conquer the world, according to STONER, who said it was started with the help of the Jews, notably KARL MARX.

CG T-2 said STONER spoke of our international Jew banking company in New York City, which bragged about financing the Communist revolution in Russia. He said that when that government was established, it was a Jewish government. STONER said that after World War II, when Russia established Communist governments in Eastern Europe, they were all headed by Jews.

STONER said that when Congress investigated Communists a few years ago, they found that the real head of the Communist Party in the United States was the German Jew GERHARDT EISLER, and he got away so he could run East Germany. He remarked that all of our Communist spies today are Jews, and that JOSEPH STALIN's third wife was a Jew. Also STONER said, KHRUSHCHEV is a convert to Judaism, and both his sons married Jewish girls. STONER explained that approximately one and one-half years ago KHRUSHCHEV stated that not only KHRUSHCHEV but SHEPILOV and members of the Presidium had Jewish wives. CG T-2 stated STONER insisted in his remarks that Communism is Jewish in all its phases, and that Jewish power is their money, which they get by selling shoddy merchandise.

CG 105-4630

CG T-2 said that STONER summarized his remarks by saying that if the United States is ever going to break Jewish power so its citizens will not have to worry what the Jews are doing with Communism, "race mixing" or in the United Nations, the thing to do is to get Congress to confiscate all ill-gotten Jewish wealth and split it among the American people. He added that then the Jews will not have any power and they could be legally expelled, and the United States could solve all its other problems.

CG T-2 stated that present in the audience at this rally were approximately fifteen Negroes, including [redacted] a Negro minister in Chicago, Illinois. He stated [redacted] gave a short talk following the address of Mr. STONER, asking support of those present in the movement for repatriation of the Negro to Africa.

According to [redacted] Anti-Defamation League, B'NAI B'RITH, 343 South Dearborn Street, Chicago, Illinois, a number of those present represented the We, The Mother's Organization, as well as the Prairie State Health Federation, a fluoridation group of Chicago, Illinois. [redacted] stated that in his opinion, the name utilized sic, the American Flag Committee did not imply any connection with the American Flag Committee located in Philadelphia, Pennsylvania.

b6
b7C
b7D

According to [redacted] attendance at this meeting was by invitation only. He stated that he had determined that invitations were sent from Hinsdale, Illinois, from Louisville, Kentucky, and from Chicago, Illinois. The former invitations were undoubtedly sent by F. ALLEN MANN, a well known anti-Semite of Hinsdale, Illinois, and the latter by We, The Mother's Organization.

[redacted] added that the invitations emanating from Louisville, Kentucky, identified the co-chairmen of this rally as LYRL CLARK VAN HYNING, also a well known anti-Semite in the Chicago area, and F. ALLEN MANN. He added that invitations coming from the Chicago area had names of both chairmen clipped from them.

CG 105-4630

[redacted] on December 4, 1958, advised that We, The Mothers Mobilize for America, Incorporated, originated in 1941, and at that time continued to maintain an office in Room 800, 537 South Dearborn Street, Chicago, Illinois.

[redacted] stated that Mrs. LYRL CLARK VAN HYNING is editor of "Women's Voice", the official publication of We, The Mothers Mobilize for America, and is responsible for the policies and views set forth in that publication. He stated that articles contained in this publication are violently anti-EISENHOWER Administration, anti-Semitic, anti-Masonic,, anti-Catholic, and opposed to all foreign elements in this country.

b6
b7C
b7D

According to [redacted] We, The Mothers Mobilize for America purports to be against all brotherhood groups, yet claims to follow the teachings of the Bible. The main interest of this group is in securing subscriptions to its publication, "Women's Voice".

THE WHITE MAN'S VIEWPOINT

THIRD PARTIES TO FORM UNITED FRONT

The primary purpose is preparation for the 1960 Election campaign. All realize the necessity of uniting forces for the all out political struggle ahead. Agreement will be sought on a National Committee for a National ticket, supported by all American Patriotic organizations. The election year of 1960 holds more promise than any past political battle. A permanent organization representing all true conservatives who place Uniting The Movement above all other petty disagreements and jealousies, are urged to send a representative to the "PATRIOTIC ALLIANCE CONFERENCE" in Chicago, Ill., on July 4th. REV. NEVINS CHALLENGES RACE MIXERS

All delegates to the Southern Baptist Convention at Freedom Hall in Louisville, Ky., were greeted inside the hall by young N.S.R.P. members passing out handbills advertising Rev. Nevins book, "Segregation Vs. Integration." A table was piled with patriotic books. All were gone by the end of the convention. Rev. W.M. Nevins presented a resolution on the floor of the convention which would have reversed the Baptists previous stand endorsing the Supreme Court's Integration ruling. The chairman of the convention decided upon a voice vote rather than a roll call. He then ruled that the nay vote was louder than the yea vote. Many on the spot observers felt that most delegates favored Nevins' stand. Party member Nevins was quoted on the front page of the local press as vowing to, "Continue the fight against this race mixing moloch as long as I live." He also pledged to carry the fight again to the floor of the Southern Baptist Convention next year when they meet in Miami, Fla. The N.S.R.P. Unit in Miami will be on hand to aid this fearless Party member. Rev. W.M. Nevins' book is handled by The Thunderbolt, Box 261, Jeffersonville, Indiana., at only \$1 per copy. Order yours today.

WORDS OF WISDOM FROM THE LATE SEN. THEODORE G. BILBO

"If our buildings, our highways, our railroads should be wrecked, we could rebuild them. If our cities should be destroyed, out of the very ruins we could erect newer and greater ones. Even if our armed might should be crushed, we could rear sons who would redeem our power. But if the blood of our White race should become corrupted and mingled with the blood of Africa, then the present greatness of the United States of America would be destroyed and all hope for the future would be gone forever.

WHITE MAJORITY VOTES FOR SEGREGATION IN LITTLE ROCK

The Afro-American

BALTIMORE, MD., JUNE 6, 1959

The 4,706 Votes That Beat Faubus

Prove to be balance in Little Rock

NEGROES BRAG, "BLOC VOTE BEATS WHITES"

The above headlines show clearly how dangerous the Negro bloc vote is. The Segregation candidates were beaten by 1500 to 2000 votes. The race mixers herded 4,706 Negroes to the polls with marked ballots in hand to destroy the will of the White voters. In other words Gov. Faubus and the Segregation candidates actually WON the election by some 3,200 to 2,700 White votes! Why should the Whiteman allow the highly organized Negro minority to destroy the voting will of the White Race? Besides the Negro bloc, other similar alien minority groups bloc voted to cause this phony defeat of the White majority. Our forefathers, who settled this Nation and wrote the Constitution, never in their wildest dreams thought the Negro slave would ever become a U.S. citizen, much less vote. Why should we allow the Supreme Court to outlaw our White Primary system of voting? The Negro does not, and never will have the intelligence to vote. He is now the slave of the Communist-race-mixing scheme to destroy America by mongrelizing our children! We do not recognize this Negro victory. The White schools of Little Rock belong to the White People of Little Rock! We Whites refuse to let the Negro bloc determine the future of the White Race!

It is the duty of the people to UNITE and FIGHT to protect their White rights. The National States Rights Party in its Racial Policy states, (Point # 4) "We demand that total Segregation be maintained in the nation's schools, and that only members of the White Folk Community be allowed to engage in the educational and cultural activities of our White Society."

Upon election to power, this political party will eliminate once and for all, the Negro bloc vote.

LITTLE ROCK — This strife-torn city's colored residents organized a motor pool and a door-to-door canvass Monday to get out 4,706 ballots—a vote which proved the telling factor in the most decisive setback handed Governor Faubus' segregationist forces since closing of the city's high schools last fall.

LEADERS OF the colored community pointed out that approximately 5,000 colored voted solidly for the defeat of the segregationist trio and retention of the moderates, provided more than the margin of victory.

Continued - Sen. Bilbo Statement

The maintenance of American civilization would be as impossible for a negroid America as would be reception and restoration of the white man's blood which had been mixed with that of the negro.

BIRDS OF A FEATHER

Eleanor Roosevelt, in her syndicated column of March 10th 1959, stated: "I am told that even when those who have turned against Communism have openly come out and given up their Communist affiliations, our fear is so great that some of them, like John Gates (Israel Regenstein), cannot find any kind of a job by which to earn a living. If we are afraid that surreptitiously they are still attached to their old ideas, I think we can be reassured, for the FBI will find them out sooner or later."

John Gates says he still believes in communism, but opposes Party discipline. Why does a Red like Mrs Roosevelt want the Cong. Committee on Un-American Activities abolished, and give all the power in that field to the FBI?

The following is a report by OUR agents who did a little spying on a meeting of that notorious Red fronter, Gordon D. Hall at the Carmel Presbyterian (Negro) Church in Cincinnati, Ohio, March 23, 1959. Hall stated: "It is being charged that a great many spies are slipping into our country. This charge is simply ridiculous, as it reflects on our security agencies." He stated that, "The FBI and Counter Intelligence agencies have every thing under control - we have nothing to worry about."

When open Leftists like Mrs. Roosevelt, Harry Truman & Gordon D. Hall praise the FBI, it makes one wonder how much Communist influence there is in the FBI?

SOMETHING IS ROTTEN IN DENMARK ? ?

ALMOND BETRAYS VIRGINIA

Gov. Almond recently spoke to the graduating class at Front Royal, Va. A city that is successfully resisting race-mixing with a 100% effective boycott

Almond told the Segregated private school graduates that the fight was useless and he pleaded with them not to desert the public school system. **THIS IS PURE SABOTAGE - WHY DIDN'T ALMOND TELL THE PEOPLE OF VIRGINIA THIS DURING THE CAMPAIGN FOR GOVERNOR, INSTEAD OF SWEARING THAT, "THERE WILL NEVER BE ANY INTEGRATION AS LONG AS I AM YOUR GOVERNOR."** This liar should have resigned when he gave up the fight. The NSRP calls for 'Interposition & Nullification' of the communist courts' unconstitutional & void 'opinions'. We must elect SEN to office like Faubus, who will call out armed troops to keep the Negroes out. **WHAT WE NEED ARE MORE IN PUBLIC OFFICE. - JUST COWARDLY TURNCOATS LIKE ALMOND - NOW ! !**

THE PARTY PLATFORM

by Matt Koehl

"We believe in the creation of a wholesome White Folk Community, with a deep spiritual consciousness of a common past and a determination to share a common future."

Perhaps no part of our Party Platform is more disturbing to the Enemy than Plank No. 1. The reason is obvious: these lines represent a principle that is positive, healthy and constructive - one that threatens the negative, diseased and destructive position of the Left. Not only do these words bring a powerful message of hope and salvation to our race, but by their very essence they expose the utter moral bankruptcy of the other side.

The words of this plank summarize the objective of our Party in its broadest terms. They are also an expression of a great underlying feeling of our people. The idea of a homogeneous White Folk Community is aligned with the deepest wishes of every normal White man. We know that a sound, stable and harmonious society depends on racial character, and can never be based on a mongrel mass.

Exactly what is meant by the term, "White Folk Community?" Briefly, it may be defined as the great confraternity of Americans of Europoid extraction. It is comprised of all White men in this country, united in a mutual sense of physical and spiritual kinship. At present the organization of the White Folk Community is strictly biological. When we Racial Nationalists gain control, its organization will also be political. Needless to say, no person of Negroid blood can belong to our White Folk Community, since his biological make-up is alien to ours. Neither can a Jew be a part of our Community because he lacks spiritual affinity with us, and is already a member of his own exclusive biological group.

Our demands are for a free White America, in which we can lead full lives, taking pride in our wonderful heritage and raising our children in a wholesome environment - a resurgent America, in which we can move forward in true brotherhood toward new achievement.

This is the society which we envision. It is the society which we will give to the coming generations.

IMPORTANT MESSAGE TO MEMBERS & SUPPORTERS

1) Present anti-bombing bills in Congress are extremely discriminatory in that they are aimed at the South only! Present legislation would not apply at all to the numerous bombings in the Kentucky coal fields, or the bombings of trains in Iowa and Boston. The NSRP opposes violence of any kind, and we urge ALL our friends to write letters TODAY, to their congressman and two senators. Tell them any legislation passed must include all bombings, whether they be in the North or South, hate or love bombings! Be sure and point out that train bombings injure many more people than bombings of empty buildings. THE LAW SHOULD APPLY TO ALL BOMBINGS!

Reurlet dated 5/18/59.

Miss [redacted] Director, Minnesota Automobile Registration, State Capitol Building, St. Paul, Minnesota, advised on May 21, 1959, that Minnesota 1959 license 7P1753 is registered to Mrs. or Dr. LOWELL BARR, 1023 Lakeview Boulevard, Albert Lea, Minnesota.

AT ALBERT LEA, MINNESOTA

The following investigation was conducted by SA RICHARD W. MAHLER.

[redacted] secretary, Sheriff's Office, advised on June 15, 1959, that Mrs. and Dr. LOWELL BARR reside at 1023 Lakeview Boulevard, Albert Lea, and that Dr. BARR has been a practicing physician at the Albert Lea Medical & Surgical Center for over twenty years. She stated that she is personally acquainted with Dr. and Mrs. BARR and attends the same church where the BARRS are considered very active members. Mrs. [redacted] said this family is highly regarded in the community and that Dr. BARR particularly is a mild-mannered, sympathetic and tolerant individual. She stated that Dr. BARR frequently has lectured to school children on the evils of alcohol. According to Mrs. [redacted] the church that the BARRS are associated with has sponsored foreign individuals in the past, notably Formosans and these individuals almost invariably have stayed at the BARR residence.

Mrs. [redacted] said a son, Dr. [redacted] is currently interning at Presbyterian Hospital, Chicago, Illinois, and in several weeks will be returning to Albert Lea to be best man at the wedding of a Formosan who has been befriended by the church. She said the BARRS also have a daughter attending Monmouth College in Illinois.

[redacted] credit bureau, on June 15, 1959, advised that Dr. BARR has been a doctor in Albert Lea since 1934, having come from Pawnee City, Nebraska. She said the BARR family is considered "tops" in town.

[redacted] desk officer, Police Department, stated on June 15, 1959, there was no arrest record regarding the BARR family in the files of that department.

[redacted] mentioned above, advised that there was no arrest record regarding the files in the Sheriff's Office, Albert Lea, Minnesota. Miss [redacted] also advised that there has never been any information that came to her attention which would indicate that any member of the BARR family is sympathetic with a subversive or radical group.

For the information of Chicago and Indianapolis Offices it is possible that Dr. BARR drove to Chicago to visit his son, who is interning at Presbyterian Hospital. Further that investigation at Albert Lea, Minnesota, indicated that Dr. BARR was not the type of person to have any interest in attending a National States Rights Party meeting.

Leads to definitely establish Dr. BARR's visit to his son in Chicago, Illinois, during the pertinent period are being left to the discretion of the office of origin.

Indices of the Minneapolis Office contain no references relative to Dr. or Mrs. LOWELL BARR or LOWELL BARR, Jr.

ON AMERICAN INDEPENDENCE DAY, JULY 4th, CONSERVATIVE, SEGREGATIONIST AND INDEPENDENT POLITICAL GROUPS WILL HOLD "PATRIOTIC ALLIANCE CONFERENCE" IN CHICAGO, ILL.

REV. NEVINS CHALLENGES RACE MIXERS

All delegates to the Southern Baptist Convention at Freedom Hall in Louisville, Ky., were greeted inside the hall by young N.S.R.P. members passing out handbills advertising Rev. Nevins book, "Segregation Vs. Inter-racialism." A table was piled with patriotic books. All were gone by the end of the convention. Rev. W.M. Nevins presented a resolution on the floor of the convention which would have

reversed the Supreme Court's Inter-racial ruling. The chairman of the convention decided upon a voice vote rather than a roll call. He then ruled that the nay vote was louder than the yea vote. Many on the spot observers felt that most delegates favored Nevins' stand. Party member Nevins was quoted on the front page of the local press as vowing to, "Continue the fight against this race mixing moloch as long as I live." He also pledged to carry the fight again to the floor of the Southern Baptist Convention next year when they meet in Miami, Fla. The N.S.R.P. Unit in Miami will be on hand to aid this fearless Party member. Rev. W.M. Nevins' book is handled by The Thunderbolt, Box 261, Jeffersonville, Indiana., at only \$1 per copy. Order yours today.

***** a delegation to Chicago on July 4th. The primary purpose is preparation for the 1960 Election campaign. All realize the necessity of uniting forces for the all out political struggle ahead. Agreement will be sought on a National Committee for a National ticket, supported by all American Patriotic organizations. The election year of 1960 holds more promise than any past political battle. A permanent organization representing all true conservatives who place Uniting The Movement above all other petty disagreements and jealousies, are urged to send a representative to the "PATRIOTIC ALLIANCE CONFERENCE" in Chicago, Ill., on July 4th. All desiring to attend should immediately write the Conference Secretary, Dr. Edward R. Fields 1617 Bardstown Rd, Louisville 5 Kentucky, for full details and reservations.

WORDS OF WISDOM FROM THE LATE SEN. THEODORE G. BILBO

WHITE MAJORITY VOTES FOR SEGREGATION IN LITTLE ROCK

Little Rock

NEGROES BRAG, "BLOC VOTE BEATS WHITES"

The above headlines show clearly how dangerous the Negro bloc vote is. The Segregation candidates were beaten by 1500 to 2000 votes. The race mixers herded 4,706 Negroes to the polls with marked ballots in hand to destroy the will of the White voters. In other words Gov. Faubus and the Segregation candidates actually WON the election by some 3,200 to 2,700 White votes! Why should the Whiteman allow the highly organized Negro minority to destroy the voting will of the White Race? Besides the Negro bloc, other similar alien minority groups bloc voted to cause this phony defeat of the White majority. Our forefathers, who settled this Nation and wrote the Constitution, never in their wildest dreams thought the Negro slave would ever become a U.S. citizen, much less vote. Why should we allow the Supreme Court to outlaw our White Primary system of voting? The Negro does not, and never will have the intelligence to vote. He is now the slave of the Communist race mixing scheme to destroy America by mongrelizing our children! We do not recognize this Negro victory. The White schools of Little Rock belong to the White People of Little Rock! We Whites refuse to let the Negro bloc determine the future of the White Race!

It is the duty of the people to UNITE and FIGHT to protect their White rights. The National States Rights Party in its Racial Policy states, (Point # 4) "We demand that total Segregation be maintained in the nation's schools, and that only members of the White Folk Community be allowed to engage in the educational and cultural activities of our White Society."

Upon election to power, this political party will eliminate once and for all, the Negro bloc vote.

LITTLE ROCK — This strife-torn city's colored residents organized a motor pool and a door-to-door canvass Monday to get out 4,706 ballots—a vote which proved the telling factor in the most decisive setback handed Governor Faubus' segregationist forces since closing of the city's high schools last fall.

LEADERS OF the colored community pointed out that approximately 5,000 colored voted solidly for the defeat of the segregationist trio and reversion of the moderates, provided more than the margin of victory.

The maintenance of American civilization would be as impossible for a negroid America as would be redemption and restoration of the White man's blood which had been mixed with that of the negro."

BIRDS OF A FEATHER

Eleanor Roosevelt, in her syndicated column of March 10th 1959, stated: "I am told that even when those who have turned against Communism have openly come out and given up their Communist affiliations, our fear is so great that some of them, like John Gates (Israel Regenstein), cannot find any kind of a job by which to earn a living. If we are afraid that surreptitiously they are still attached to their old ideas, I think we can be reassured, for the FBI will find them out sooner or later."

John Gates says he still believes in communism, but opposes Party discipline. Why does a Red like Mrs. Roosevelt want the Cong. Committees on Un-American Activities abolished, and give all the power in that field to the FBI?

The following is a report by OUR agents who did a little spying on a meeting of that notorious Red fronter, Gordon D. Hall at the Carmel Presbyterian (Negro) Church in Cincinnati, Ohio, March 23, 1959. Hall stated: "It is being charged that a great many spies are slipping into our country. This charge is simply ridiculous, as it reflects on our security agencies." He stated that, "The FBI and Counter Intelligence agencies have every thing under control - we have nothing to worry about."

When open Leftists like Mrs. Roosevelt, Harry Truman & Gordon D. Hall praise the FBI, it makes one wonder how much Communist influence there is in the FBI?

SOMETHING IS ROTTEN IN DENMARK ? ?

ALMOND BETRAYS VIRGINIA

Gov. Almond recently spoke to the graduating class at Front Royal, Va. A city that is successfully resisting race-mixing with a 100% effective boycott.

Almond told the Segregated private school graduates that the fight was useless and he pleaded with them not to desert the public school system. THIS IS PURE SABOTAGE - WHY DIDN'T ALMOND TELL THE PEOPLE OF VIRGINIA THIS DURING THE CAMPAIGN FOR GOVERNOR, INSTEAD OF SWEARING THAT, "THERE WILL NEVER BE ANY INTEGRATION AS LONG AS I AM YOUR GOVERNOR." This liar should have resigned when he gave up the fight. The NRP calls for the removal of Almond from office and the election of a White man to the Governorship.

THE PARTY PLATFORM

by Matt Koehl

"We believe in the creation of a wholesome White Folk Community, with a deep spiritual consciousness of a common past and a determination to share a common future."

Perhaps no part of our Party Platform is more disturbing to the Enemy than Plank No. 1. The reason is obvious: these lines represent a principle that is positive, healthy and constructive - one that threatens the negative, diseased and destructive position of the Left. Not only do these words bring a powerful message of hope and salvation to our race, but by their very essence they expose the utter moral bankruptcy of the other side.

The words of this plank summarize the objective of our Party in its broadest terms. They are also an expression of a great underlying feeling of our people. The idea of a homogeneous White Folk Community is aligned with the deepest wishes of every normal White man. We know that a sound, stable and harmonious society depends on racial character, and can never be based on a mongrel mass.

Exactly what is meant by the term, "White Folk Community?" Briefly, it may be defined as the great confraternity of Americans of European extraction. It is comprised of all White men in this country, united in a mutual sense of physical and spiritual kinship. At present the organization of the White Folk Community is strictly biological. When we Racial Nationalists gain control, its organization will also be political. Needless to say, no person of Negroid blood can belong to our White Folk Community, since his biological make-up is alien to ours. Neither can a Jew be a part of our Community because he lacks spiritual affinity with us, and is already a member of his own exclusive biological group.

Our demands are for a free White America, in which we can lead full lives, taking pride in our wonderful heritage and raising our children in a wholesome environment - a resurgent America, in which we can move forward in true brotherhood toward new achievement.

This is the society which we envision. It is the society which we will give to the coming generations.

IMPORTANT MESSAGE TO MEMBERS & SUPPORTERS

1) Present anti-bombing bills in Congress are extremely discriminatory in that they are aimed at the South only! Present legislation would not apply at all to the numerous bombings in the Kentucky coal fields, or the bombings of trains in Iowa and Boston. The NSRP opposes violence of any kind, and we urge ALL our friends to write letters TODAY, to their congressman and two senators. Tell them any legislation passed must include all bombings, whether they be in the North or South, hate or love bombings! Be sure and point out that train bombings injure many more people than bombings of empty buildings. THE LAW SHOULD APPLY TO ALL BOMBINGS!

She said, however, he owned a home in the rural area about five miles east of Bronson and his parents, Mr. and Mrs. [redacted] now resided in this same area. She said the last she heard of [redacted] they were residing in Chicago, Illinois, but the last change of address she had for them, some two or three months ago, listed their address as [redacted] Leland, Mississippi. She noted Bronson was a community of only several hundred people and was located in a predominate rural farming and log cutting area and any organized racist groups would be immediately known of and the topic of much conversation. He noted that he was expecting [redacted] to return to Bronson in the near future for a visit.

On June 22, 1959, Mrs. [REDACTED] Chicago 25, Illinois, telephone [REDACTED] telephonically contacted SA [REDACTED] at the Chicago Office and emphatically expressed objection to the FBI's methods used during investigations of the school bombing at Clinton, Tennessee; the kidnapping-murder of a Negro at Poplarville, Mississippi; and the synagogue bombing at Atlanta, Georgia. In these cases, she charged that the FBI had transgressed in an unreasonable and inhuman manner upon the civil rights of innocent individuals and had intended to obtain false admissions of guilt from them. She stated that she had just read the "truth" of these investigations and that as a result she condemned the FBI and its leader J. EDGAR HOOVER who condoned such actions.

When asked as to the source of her information concerning the described cases, she stated that she had read it all in a recent issue of "The Thunderbolt", a magazine expressing "the white man's viewpoint". She was unable to state who published "The Thunderbolt" but she promised to mail her recently received copy of "The Thunderbolt" to the writer for review and return to her.

Mrs. [] then rambled on with discussion of several subjects during the course of which she condemned the Jews, Negroes, the United Nations, President DWIGHT EISENHOWER, the Supreme Court, and the American Medical Association; objected to the spread of Communism under Jewish promotion; objected to the deployment of United States troops to foreign lands; objected to the failure of the American Medical Association to back the Dr. IVY cancer drug and the Hoxey cancer cure; objected to the fluorination of the water supply of Chicago and other cities; objected to the failure of the United States Government to enforce the Pure Food and Drug Act, and recommended the removal of all United States Negroes to Africa.

Without solicitation, Mrs. [] added that she also intended to forward to SA [] other literature having bearing upon the above topics.

On June 26, 1959, a bundle of literature was received by SA [] from Mrs. [] some of which was marked for return to her and others of which were available for permanent retention by the FBI. The literature marked for return included the described issue of "The Thunderbolt" which publication listed its address as Box 261, Jeffersonville, Indiana, and described itself as the official organ of the National States Rights Party. The publication proved a complete distortion of the facts concerning the above mentioned cases investigated by the Bureau and severely criticized and condemned the FBI for its action in violation of the civil rights of the alleged innocent. Two photostats of this publication are presently retained in Chicago file 105-4630-1A 8 .
